11 EXAMINATION

12 QUESTIONS BY MR. ROTHERT:

13 (Plaintiff's Exhibit 1 marked for  
14 identification.)

15 Q. Good morning. Could you state your full  
16 name for the record, please?

17 A. Todd Christopher Stevens.

18 Q. All right. And could you spell your last  
19 name?

20 A. S-T-E-V-E-N-S.

21 Q. All right. And, Mr. Stevens -- it's not  
22 mister, it's lieutenant?

23 A. Lieutenant.

24 Q. Okay. Thank you. Lieutenant Stevens, are  
25 you -- how are you employed?

1 A. I am employed with the Cape Girardeau County  
2 Sheriff's Office.

3 Q. What's your position with the Cape Girardeau  
4 County Sheriff's Office?

5 A. I am a lieutenant in the jail division.

6 Q. All right. What does a lieutenant in the  
7 jail division do at the Cape Girardeau County Sheriff's  
8 Office?

9 A. That's kind of hard to explain. I take care  
10 of all the problems with the jail. I assist the jail  
11 administrator, and I take care of the employees that  
12 are under me that work in the jail.

13 Q. Okay. Anything else or is that -- other  
14 duties as assigned?

15 A. Yeah. Everything that has to do with the  
16 jail I'm involved in pretty much.

17 Q. Okay. That's fantastic. Okay. I have  
18 handed to you what I marked as Plaintiff's Exhibit 1.  
19 It's titled a First Amended Notice of 30(b)(6)  
20 deposition. Have you seen that before?

21 A. Yes, I have.

22 Q. Okay. And is that what brought you here  
23 today?

24 A. Yes, I did.

25 Q. Okay. So are you the person who's been

TODD STEVENS 12/15/2014

Page 7

1 designated by Cape Girardeau County to testify on the  
2 topics in this deposition notice?

3 A. Yes.

4 Q. And you're ready and prepare to do that?

5 A. Yes, sir.

6 Q. Okay. Great. Have you ever been deposed  
7 before?

8 A. Yes, sir.

9 Q. All right. Have you ever been deposed on a  
10 like a 30(b)(6) deposition before, where it's --

11 A. I have no idea what that is.

12 Q. Okay. So let me just to prepare you or to  
13 make sure kind of what the rules are. It's a lot like  
14 a regular deposition except for instead of picking you  
15 to depose we sent out some topics that we wanted to  
16 know about. It's the part of the case where we're  
17 gathering information, and the county has picked you as  
18 the one who's the man who knows about what we want to  
19 know about. So we'll go through the topics one by one.  
20 Rather than in a regular deposition where, you know, we  
21 could go anywhere, we'll just be going through these  
22 specific topics and talking about them. Okay?

23 A. Yes, sir.

24 Q. All right. Especially in this deposition  
25 but really every deposition I'm not ever trying to ask

1 any trick questions. So if you don't understand a  
2 question, will you let me know? I'm not trying to be  
3 tricky.

4 A. Yes, sir.

5 Q. Okay. Great. All right. So the first  
6 topic on here is county jail current and historical  
7 data for the five previous years including the number  
8 of beds, number of detainees, numbers of correction  
9 officers, the volume and type of mail received daily,  
10 the visiting hours, the number of visiting hours, the  
11 number of phones, costs of making phone calls, and  
12 instances of contraband. Is that a topic that you know  
13 about?

14 A. I have looked them up.

15 Q. Okay. Very good. That's one of the  
16 advantages to know what the questions are going to be  
17 that you have the answers, so what can you tell me  
18 about the number of beds that are in the county jail  
19 currently and for the previous five years?

20 A. Our number of beds are a total of 223.

21 Q. Okay. Has that been --

22 A. That's been within the last five years.

23 Q. Okay. And are those divided up into  
24 different groups?

25 A. Numerous different groups.

TODD STEVENS 12/15/2014

Page 9

1 Q. Can you just describe what they are and how  
2 many are in each one?

3 A. Okay. All right. Booking area we have  
4 three beds, A1 pod ten beds, A2 pods 12 beds, B pod 24  
5 beds, C pod 24 beds, D pod 24 beds, E pod 24 beds, F  
6 pod 32 beds, G pod we have six used beds 18 that we  
7 cannot use at this time, south block we have 12 beds,  
8 old dorm we have 32 beds. We also have two confinement  
9 cells that are rarely used that are also in south  
10 block.

11 Q. Okay. And I'm sure I could figure this out  
12 with a calculator, but when you came up with the 223,  
13 did that include the 18 that you do not use in G block?

14 A. Yes, sir. I believe I did do that, yes.

15 Q. Okay. And why -- why can't you use those?

16 A. It's part of the old jail.

17 Q. Okay.

18 A. We have an old jail and a new jail. Those  
19 do not have current intercoms and/or video, so it's a  
20 danger to the inmate, so it's safety security. So we  
21 do not use those.

22 Q. Okay. How many detainees -- do you know how  
23 many detainees are currently in the jail?

24 A. Currently?

25 Q. Yeah.

1 A. Today?

2 Q. Yeah, if you know.

3 A. I looked at it, and I could've told you.  
4 But I didn't know that was a question, so I didn't  
5 bring it in.

6 Q. Okay. How many people are usually there?  
7 Is there an average number?

8 A. There is not an average number. As of late,  
9 we're over 200 inmates daily.

10 Q. Okay. And when you mean as of late, how far  
11 back would you say that's over 200?

12 A. Probably most of the year. That's just a  
13 guess.

14 Q. Is that consistent with what's been for the  
15 last five years, or has it been more?

16 A. I couldn't tell you. I have a printout. It  
17 changes daily, so it ranges, well, from 150 maybe to  
18 240.

19 MR. ROTHERT: Okay. Can we go off the  
20 record for a moment?

21 (At this time an off-the-record  
22 discussion was held.)

23 (Plaintiff's Exhibit 2 marked for  
24 identification.)

25 Q. (BY MR. ROTHERT) All right. Could you look

TODD STEVENS 12/15/2014

Page 11

1 at Exhibit 2 and tell me what that is?

2 A. It appears to be the inmate daily count for  
3 the past five years.

4 Q. All right. And does that show how many  
5 inmates were in the jail each day for the last five  
6 years?

7 A. As far as I know, yes.

8 Q. Okay. Thank you. How many corrections  
9 officers worked at the county jail?

10 A. At this time we have 23 and one part-time  
11 employee, 23 full time.

12 Q. Okay. And can you break down those 23 what  
13 their duties or their titles are?

14 A. Titles we have one captain, one lieutenant,  
15 two sergeants. We have seven correction officers and  
16 12 deputies.

17 Q. Okay.

18 A. The part time would also probably be a  
19 corrections officer.

20 Q. Okay. And what's a corrections officer do?

21 A. Anything that needs to be done in the jail,  
22 takes care of the inmates. They do the exact same  
23 thing as a deputy. The only difference is a deputy is  
24 certified with the State of Missouri, and they're able  
25 to carry a gun and do transports.

TODD STEVENS 12/15/2014

Page 12

1 Q. All right. Who -- who's in charge of mail?  
2 What job title does that, handles that?

3 A. There is no job title. That would be either  
4 a deputy or a corrections officer.

5 Q. Okay. And then in 2013 how many people were  
6 in each of those jobs?

7 A. 2013 we had one captain, one lieutenant, two  
8 sergeants, seven corrections officers, and ten  
9 deputies.

10 Q. For a total of 21?

11 A. Total of 21.

12 Q. Okay. What about in 2012?

13 A. 2012 there's one captain, one lieutenant,  
14 one sergeant, seven corrections officers, 12 deputies.

15 Q. For a total of --

16 A. For a total of 22, yes.

17 Q. Okay. Good. 2011?

18 A. One captain, one lieutenant, one sergeant,  
19 ten jailers -- corrections officers, sorry, nine  
20 deputies for a total of 22.

21 Q. 2010?

22 A. One captain, one lieutenant, one sergeant,  
23 ten corrections officers, and nine deputies for a total  
24 of 22.

25 Q. And 2009?

TODD STEVENS 12/15/2014

Page 13

1 A. One captain, two sergeants, nine corrections  
2 officers, nine deputies for a total of 21.

3 Q. All right. And so when did you start?

4 A. I believe I started 2011.

5 Q. All right. So --

6 A. I've been here for three years. It was at  
7 the end of 2011.

8 Q. All right.

9 A. Correction. Was that in the jail or total  
10 sheriff's department?

11 Q. In the jail I was asking.

12 A. Yeah, that would be it.

13 Q. Okay. How about total in the sheriff's  
14 department?

15 A. I believe I started in 2001.

16 Q. Very good. So I asked a little bit about  
17 mail. How much mail is received?

18 A. I don't have that information. We don't  
19 keep track of that.

20 Q. Okay.

21 A. So I couldn't tell you.

22 Q. All right. Have you ever kept track of it?

23 A. No.

24 Q. What are the visiting hours at the jail?

25 A. Visiting hours for the jail is on Saturdays,

1 and it's throughout the day. But we have different  
2 times for each pod.

3 Q. All right. And is someone assigned to a  
4 pod? How do you make a decision on what pod someone's  
5 in?

6 A. If we have room.

7 Q. Okay.

8 A. Or, of course, if they're male or female  
9 they would go into different pods. We try to separate  
10 them from felony and misdemeanor, also.

11 Q. And so each pod do they have the same length  
12 of visiting hours on Saturday?

13 A. Except for the female, the first female pods  
14 because they're smaller pods and they get less time.

15 Q. Okay. So what is the visiting time for the  
16 smaller female pods?

17 A. 9 a.m. to 9:30 for A1 pod. A2 pod is 9:30  
18 to 10 a.m.

19 Q. Okay. And are the rest of the pods male  
20 or --

21 A. Yes, sir.

22 Q. Okay.

23 A. Well, correction. We also have a south  
24 block, which holds sentenced females that are down in  
25 the old part of the jail.

TODD STEVENS 12/15/2014

Page 15

1 Q. All right. So what's the visiting hours for  
2 the B pod?

3 A. B pod would be 10 a.m. to 11 a.m.

4 Q. C pod?

5 A. 12 a.m. -- correction that should be p.m.,  
6 12 p.m. to 1 p.m.

7 Q. D pod?

8 A. 1 p.m. to 2 p.m.

9 Q. And the E pod?

10 A. 2 p.m. to 3 p.m.

11 Q. F pod?

12 A. 3 p.m. to 4 p.m.

13 Q. G pod?

14 A. G pod and holding we usually do that between  
15 3 and 4 also, but since those are very few people in  
16 it, a lot of times we'll have them throughout the day  
17 if we can fit them in.

18 Q. Okay. Then you mentioned there's also an  
19 old dorm and a south --

20 A. The south block.

21 Q. South block. Do they have their own  
22 visiting hours or --

23 A. I believe they're -- these are the jail  
24 visitation rules, and I took it off there. And I  
25 believe it's with A1 and O2 that we slip them in it

1 because they don't have it on here.

2 Q. Okay. Do you know how many phones are in  
3 the jails?

4 A. I believe my number was a total of 28.

5 Q. Okay. Are they divided by pod, as well?

6 A. Yes.

7 Q. All right. So how many phones are there in  
8 the A1 pod?

9 A. Two.

10 Q. And how many in the A2?

11 A. Two.

12 Q. B pod?

13 A. Two.

14 Q. C pod?

15 A. Two.

16 Q. D pod?

17 A. Two.

18 Q. E pod?

19 A. Two.

20 Q. F pod?

21 A. Three.

22 Q. G pod?

23 A. Three.

24 Q. And then --

25 A. And H would be south block would be two.

TODD STEVENS 12/15/2014

Page 17

1 Q. South block. Okay. Then you had old dorm?

2 A. The dorm we have three.

3 Q. Okay.

4 A. And then we also have them in the booking.

5 We have three because we have two holding cells with  
6 phones and one out in the booking area, and we have two  
7 in the old jail corridor.

8 Q. Okay. And how do those work for pretrial  
9 detainees? How does using the phone work?

10 A. That's a real good question.

11 Q. Thank you.

12 A. All I can tell you about the phone is we  
13 have -- there it is. We have a company called Securus  
14 that does our phone.

15 Q. Okay.

16 A. Okay. They pick up -- it's a collect call,  
17 or they have, you know, their family members whoever  
18 put money through Securus. Then they use it that way.

19 Q. Okay. And so that's either inmate makes a  
20 collect call to whoever is receiving the call, or  
21 someone can put money in that inmate's account so they  
22 can make calls?

23 A. As far as I know, that's how it works, yes.

24 Q. Do you have any idea how much it costs?

25 A. Yes, sir, I do. Well, I believe local -- I

1 have a list here. Local says connect charge is \$2.25.

2 It's 40 cents a minute.

3 Q. Okay. And then is it?

4 A. That's for the collect.

5 Q. Okay.

6 A. Then there's advanced collect I assume,  
7 which would be someone put money on it.

8 Q. Yes.

9 A. That's 2.25 to connect again, 40 cents a  
10 minute.

11 Q. So the same?

12 A. They have a couple of different prices here.  
13 It says interstate, and I don't know what that is.  
14 There's a couple of differences in it, but I have no  
15 idea what that is or what they charge for that.

16 MR. ROTHERT: Okay. Can we mark that as an  
17 exhibit, too?

18 (Plaintiff's Exhibit 3 marked for  
19 identification.)

20 Q. (BY MR. ROTHERT) Okay. So what's been  
21 marked now as Plaintiff's Exhibit 3 can you describe  
22 what that is?

23 A. That is a copy of paperwork that Securus  
24 sent me for the past five years of what they charge an  
25 inmate for telephone calls.

TODD STEVENS 12/15/2014

Page 19

1 Q. And the first page is current?

2 A. February 11, 2014 to December, 2014.

3 Q. Okay. And the second page?

4 A. October 7, 2013 through February 10 of 2014.

5 Q. Okay. And the third page?

6 A. February 13, 2013 through October 6, 2013.

7 Q. And the final page?

8 A. April 20, 2009 through February 12, 2013.

9 Q. Okay. That last one was a long period?

10 A. Yeah.

11 Q. Okay. Thank you very much for that. Are  
12 there limitations on when people can make phone calls?

13 A. For personal calls, yes. For attorney phone  
14 calls legal matters usually, no. We'll just have to  
15 pull them out of their cells to do so.

16 Q. When are people allowed to make personal  
17 phone calls?

18 A. Usually while they're out of their cells in  
19 the dayroom, and that's usually between 7, and when we  
20 serve, which could be anywhere from 11 to 12, and then  
21 while they're meeting. They're locked down from right  
22 after lunch until dinner service, which is around 4:30.

23 Q. Okay.

24 A. That time they're not allowed to use the  
25 phone unless they have a legal matter, which we will

1 call their attorney and then pull them out and let them  
2 make a phone call.

3 Q. So 7 a.m. to 11 a.m. is basically the time?

4 A. Average, yes. Well, then after that then  
5 they're let out for dinner service.

6 Q. Yes.

7 A. And they're out until I believe 10 p.m., and  
8 they can use the phone then, too.

9 Q. Okay. From after dinner to --

10 A. Until lockdown.

11 Q. Until lockdown?

12 A. Yeah.

13 Q. And lockdown's around 10?

14 A. I believe is 10 o'clock and after, of  
15 course, they are not allowed to make any phone calls  
16 until the next day.

17 Q. Very good.

18 A. Now, that does not include holding. We have  
19 somebody that's in like a 24-hour hold or just received  
20 a warrant, new arrest, they have access to a phone.  
21 They're in the holding cell. They have access to a  
22 phone all the time to try to make bail.

23 Q. Okay. Great. So the next topic on number  
24 one here was instances of contraband in the last five  
25 years. Has contraband been brought into the jail?

TODD STEVENS 12/15/2014

Page 21

1 A. Yes.

2 Q. Okay. And you have a folder here of  
3 instances of contraband. Can you describe what's in  
4 this folder?

5 A. Yeah. It's a folder of about the last five  
6 years. I'm not sure if it's complete but of instances  
7 of contraband located in the jail.

8 MR. ROTHERT: Okay. Can we mark this as an  
9 exhibit, please?

10 (Plaintiff's Exhibit 4 marked for  
11 identification.)

12 Q. (BY MR. ROTHERT) Okay. And how did you  
13 gather this information?

14 A. Oh, I had a deputy go through and check  
15 computer records and pull them out of there and print  
16 them out.

17 Q. Okay. So from the computer records, these  
18 would be the instances in which there was contraband in  
19 the jail going back how long?

20 A. Should be five years, and that's what is  
21 left. There were some that was, you know, people have  
22 left and took some of the reports, but I believe that  
23 should be most of that.

24 Q. Okay. Can you -- could you explain what  
25 that means if someone left and took the report?

TODD STEVENS 12/15/2014

Page 22

1 A. We have report numbers.

2 Q. Yes.

3 A. Some people have left, someone deleted their  
4 files out of the computer, and they might have had some  
5 reports in there and they got lost.

6 Q. Okay.

7 A. These are incident reports that are just for  
8 our purposes. They don't go anywhere unless we file  
9 charges, and then, of course, we write a criminal  
10 report and then send it over. So, of course, those we  
11 don't lose.

12 Q. Right. Okay.

13 A. Yeah.

14 Q. And when you say people left, would that  
15 have been like a detainee who left or employee?

16 A. No. I'm sorry, employees. When they quit  
17 and if someone -- if they had a whole list of reports  
18 in their file folder and someone deleted them by  
19 accident, which they have in the past.

20 Q. Okay.

21 A. Then I lose those.

22 Q. That makes sense. Thank you very much for  
23 explaining that. Do contraband incidents do they  
24 sometimes wind up having criminal charges?

25 A. Yes.

1 Q. Okay. Is that in the last five years? Do  
2 you know approximately how many times that's happened?

3 A. I couldn't tell you that. Most of the time  
4 small stuff as in like some tobacco we usually don't  
5 file because, you know, but we're talking if I get some  
6 big drugs or something or a weapon and someone's trying  
7 to, you know, hurt somebody, yes.

8 Q. All right. Well, I think that gets us  
9 through topic one. Thank you. That was the longest.  
10 Moving on, the second topic is the county's current  
11 mail policies and former policies for the previous five  
12 years, so does the county currently have a policy  
13 regarding mail?

14 A. No. The sheriff's department does not, the  
15 county.

16 Q. Okay. And who oversees the -- the jail's  
17 overseen by the sheriff's department?

18 A. Yes.

19 Q. Okay. And the sheriff is an elected  
20 official?

21 A. That is correct.

22 Q. Okay. County-wide elected?

23 A. Yes.

24 Q. All right. So does the sheriff's department  
25 have a mail policy currently?

TODD STEVENS 12/15/2014

Page 24

1 A. Yes, it does.

2 Q. Okay. And do you happen to have a copy of  
3 that with you?

4 A. Yes, I do.

5 MR. ROTHERT: Okay. Can we mark that as  
6 Exhibit 5, please?

7 (Plaintiff's Exhibit 5 marked for  
8 identification.)

9 Q. (BY MR. ROTHERT) Okay. Looking at what's  
10 been marked as Plaintiff's Exhibit 5, is that the  
11 current mail policy?

12 A. Yes, it is.

13 Q. Okay. And do you know when that went into  
14 effect?

15 A. It went into effect January 1 of 2014.

16 MR. ROTHERT: Okay. If we could have this  
17 one marked.

18 (Plaintiff's Exhibit 6 marked for  
19 identification.)

20 Q. (BY MR. ROTHERT) I'm going to hand you  
21 what's been marked Plaintiff's Exhibit 6.

22 A. Okay.

23 Q. Can you tell me how many pages that is since  
24 it's not stapled just to be sure?

25 A. Appears to be three.

TODD STEVENS 12/15/2014

Page 25

1 Q. Okay. Do you know what document is?

2 A. The first one or both.

3 Q. That -- is it more than one?

4 A. Yes.

5 Q. Okay. Yes, it is. So let's -- yes. Please  
6 tell me what both are. The first page is?

7 A. First one is a notice change in mail  
8 procedures that was effective January 1, 2014 that I  
9 wrote.

10 Q. Okay. The second one?

11 A. The second one was a notice of a new e-mail  
12 mail option that was effective March 15, 2014.

13 Q. Okay. Did you write this one, too?

14 A. Yes, I did.

15 Q. All right. And so these are marked notice.  
16 Did this go to somebody?

17 A. It went to every inmate.

18 Q. All right. And every inmate who was in  
19 custody at the time?

20 A. In custody. I believe for a month after we  
21 gave them to everybody that came into the facility.

22 Q. All right. Perfect. So before January 1,  
23 2014 did -- was there a different mail policy --

24 A. Yes, there was.

25 Q. -- in effect? Okay. Do you have a copy of

TODD STEVENS 12/15/2014

Page 26

1     **that?**

2                   MR. ROTHERT:   Okay.   If we can mark this as  
3     Exhibit 7, please.

4                   (Plantiff's Exhibit 7 marked for  
5                   identification.)

6           **Q.    (BY MR. ROTHERT)   Thank you.   Handing you**  
7     **what's been marked as Plaintiff's Exhibit 7, was that**  
8     **the mail policy that was in effect prior to January 1,**  
9     **2014?**

10           A.    Yes.

11           **Q.    For the -- that was the sheriff's**  
12     **department's policy?**

13           A.    That's correct, yes.

14           **Q.    Do you know how long that was in effect?**

15           A.    No, sir.   I know it was within the last five  
16     years.   I don't know when it was written.

17           **Q.    Okay.   But it had been in effect four years?**

18           A.    It was in effect until this new mail policy  
19     came into effect.

20           **Q.    And it had been in effect for a number of**  
21     **years?**

22           A.    Yes.

23           **Q.    Do you know of a -- the policy that came**  
24     **before that?**

25           A.    No, sir.   I have no idea.

TODD STEVENS 12/15/2014

Page 27

1 Q. Great.

2 (Plaintiff's Exhibit 8 marked for  
3 identification.)

4 Q. (BY MR. ROTHERT) I'm handing you Exhibit --  
5 what's been marked as Exhibit 8. Let me give a copy to  
6 your counsel here. Can you tell me what that is if you  
7 know?

8 A. Actually, there is two things here.

9 Q. Right. Okay.

10 A. Okay. It appears to be my inmate mail  
11 format change policy and the policy that I wrote.

12 Q. Was the policy attached to the -- was this  
13 all one document originally?

14 A. Yeah, I had it stapled together.

15 Q. And you are the author of this?

16 A. Yes, I am.

17 Q. Okay. That's great. And so who was this --  
18 was this addressed to someone or given to someone?

19 A. It was given to the sheriff of Cape  
20 Girardeau County Sheriff's Office.

21 Q. All right. And who was that at the time?

22 A. Sheriff John Jordan.

23 Q. Okay. And it still is; correct?

24 A. That is correct.

25 Q. All right. And did this proposal become the

1 policy of the sheriff's department as is?

2 A. Yes, sir.

3 Q. All right. And who made that decision?

4 A. The sheriff.

5 Q. And did you identify any -- are the reasons  
6 for the change in policy are they all identified in  
7 this proposal?

8 A. Yes, sir.

9 Q. Okay. Are there any other reasons for the  
10 policy that are not identified in the proposal?

11 A. Not that I can think of at the moment, no.

12 Q. Okay. I think that takes care of topic  
13 three. Moving on to topic four, the disadvantages  
14 associated with the postcard only policy. Have you  
15 identified any disadvantages that -- any negative side  
16 effects I guess from the policy?

17 A. Well, making the change proposal I did note  
18 that there could be complaints from inmates and  
19 families, which there were. I also noted that most  
20 postcards are thick could be used for maybe picking  
21 locks or other forms of contraband, which I have not  
22 seen that at all. We haven't had any experience with  
23 that.

24 Q. Okay. Any other disadvantages?

25 A. Well, the ACLU is filing lawsuits for it.

1 Q. Well, there is that, yes. Okay. Any  
2 others?

3 A. Not that I'm aware of, no, sir.

4 Q. All right. And do you have any idea how  
5 many complaints you received from?

6 A. No, sir, I couldn't tell you that.

7 Q. Okay. Now, in your proposal you identified  
8 some, you know, some good things while you were  
9 proposing the change. Have any of those come to  
10 fruition, any advantages of having the postcard only  
11 policy?

12 A. Well, yes, sir. I believe it's, you know, a  
13 little bit more safer. We're trying to stop contraband  
14 from coming in. Okay. Doesn't take as long to do mail  
15 because postcards most of them don't even have a stamp,  
16 and we can just hand them out, so that saves time.  
17 Also we don't allow anything else because we used to  
18 have people sending in property, you know. It would  
19 get lost. We'd be liable for it plus contraband issue  
20 also. We don't accept any of that anymore.

21 Q. Okay. How long did it used to take to do  
22 mail?

23 A. It ranged from different times depends on  
24 how much mail we have that day, but we have to go open  
25 up each piece of mail, search through it, read some of

1 it before we could even hand it out.

2 **Q. And you still read through the postcards?**

3 A. No, sir. We skim through them, but since  
4 they're so small, we don't really worry about it too  
5 much. We get them out to the inmates as fast as  
6 possible.

7 **Q. Okay. Thank you. Are there any other,**  
8 **other than those -- I'm not sure if I asked. Are there**  
9 **any other advantages that you've experienced from**  
10 **changing to this postcard-only policy?**

11 A. Not that I can think of, no, sir.

12 **Q. All right. The next topic is adoption and**  
13 **implementation of the postcard-only policy. So the**  
14 **idea came from you?**

15 A. That is correct.

16 **Q. All right. And was it adopted by the**  
17 **sheriff?**

18 A. Yes, sir.

19 **Q. Was anyone else involved other than the two**  
20 **of you?**

21 A. Captain James Mulcahy, of course. I also  
22 gave him a copy because he is the jail administrator.

23 **Q. Okay. Anyone else?**

24 A. Not that I'm aware of, unless you know one  
25 of the other two showed them that.

1 Q. Okay. So as far as the decision-making  
2 process, this was the sheriff's decision?

3 A. Sheriff makes all decisions for the jail in  
4 the sheriff's office.

5 Q. Okay. And this policy was implemented  
6 beginning on December 1st of 2014?

7 A. No. It was January 1st I believe.

8 Q. I'm sorry, it is January 1st?

9 A. January 1st.

10 Q. In my mind, I'm thinking January. I'm just  
11 saying December.

12 A. Okay.

13 Q. So the postcard-only policy would've been  
14 implemented starting January 1, 2014?

15 A. That's correct.

16 Q. All right. And that's all on that topic.  
17 So the only final topic is adoption and implementation  
18 of the e-mail option. When -- when did that come  
19 about, the e-mail possibility?

20 A. That came out about two months after our  
21 postcard policy. We've been thinking about it for a  
22 while. The sergeant at the time came up with the idea.  
23 He is no longer with us. His name was Eric Koehler.  
24 We have a, you know, computer. We have a website, and  
25 the inmates' family members, friends can e-mail us, and

1 they get charged 35 cents on e-mail or 50 cents a  
2 photo. We don't allow photos in, but we will through  
3 the e-mail because we know you can't have contraband  
4 through that way. As soon as they pay, they get their  
5 e-mails. Now, beginning next month are I believe -- I  
6 believe it's Securus. I'm not for sure, but I believe  
7 it's Securus got the contract. We will have the e-mail  
8 in each pod so the inmate can do his own e-mailing and  
9 everything else through a screen, and we don't have to  
10 do anything to do with it.

11 **Q. And does -- can the inmates send out e-mail**  
12 **or just receive?**

13 A. Now, see, I'm not sure about that part. I  
14 don't know what their contract states. I do know for a  
15 fact that they are going to receive it.

16 **Q. Okay.**

17 A. Because the inmate's mail policy they have  
18 no limits on what they can send out. They can buy  
19 stationary, envelopes, stamps. They can send whatever  
20 they want out.

21 **Q. As far as currently, though, is the e-mail**  
22 **only incoming?**

23 A. Currently it's incoming, yes.

24 **Q. And does the jail staff read the e-mail?**

25 A. Actually, our sergeants and I do that if I

TODD STEVENS 12/15/2014

Page 33

1 have a chance to help them out with that.

2 Q. All right. And I guess I shouldn't assume.  
3 If detainees are allowed to send out e-mails, you would  
4 have to read those before they went out?

5 A. We will not have anything to do with that as  
6 far as I know; however, like I said, I was not in the  
7 contracting phase in that. It's possible they will  
8 hold all the e-mails and save them because I know they  
9 will track phone calls through Securus, so I assume  
10 they can do the same thing, but I'm not sure.

11 Q. All right.

12 A. But we won't have -- the regular deputies  
13 and corrections officers won't have any access to the  
14 e-mail once it's in the pod.

15 Q. Including the incoming?

16 A. Yeah. Incoming or outgoing we shouldn't  
17 have any access except like I said unless it's  
18 requested, but that's just a guess because we won't go  
19 inside the pod. And they will have a computer screen  
20 inside their pod, so when they're in the dayroom same  
21 time as the phones they can use their e-mail.

22 Q. All right. I'd like to ask you to identify  
23 one more thing, Number 9.

24 (Plaintiff's Exhibit 9 marked for  
25 identification.)

1 Q. (BY MR. ROTHERT) All right. Handing you  
2 Plaintiff's Exhibit Number 9, which I believe we got  
3 from your attorney, can you identify what this is if  
4 you know?

5 A. Well, I don't have a copy with me, but I  
6 believe it's some copies from the inmate rule handbook.

7 Q. Okay. Is this what is -- this handbook  
8 provided to inmates detainees?

9 A. It is supposed to, yes.

10 Q. All right. And this is how they find out  
11 what the rules are?

12 A. Yes.

13 Q. Okay. Do you know if this is a current  
14 version?

15 A. We are in the process of changing it because  
16 we're also in the process of changing the jail rule  
17 book for our employees, also.

18 Q. All right.

19 A. Okay. So this is -- this isn't going to be  
20 current.

21 Q. Okay.

22 A. Because that is in the works.

23 Q. All right.

24 A. Okay. I believe this's what we have now.

25 Q. All right. So if I get arrested today and

1 taken to the jail, this is what I'll get today but  
2 maybe not in the future?

3 A. Won't be in the future, and they should be  
4 getting some of this. But like I said, they also  
5 should be getting the current mail and e-mail policy  
6 pages.

7 Q. Okay. I have no other questions.

8 EXAMINATION

9 QUESTIONS BY MR. SPRADLING:

10 Q. I just want to clarify. There are  
11 exceptions to the postcard policy for incoming mail; is  
12 that correct?

13 A. Yes.

14 Q. Okay. And what would those exceptions be?

15 A. Well --

16 Q. I think they're in your --

17 MR. ROTHERT: They're in the policy.

18 Q. (BY MR. SPRADLING) -- policy, but I just  
19 want to go over a couple of those. Is it denominated  
20 as official mail?

21 A. Yeah, I believe that's what it is  
22 denominated in the policy.

23 MR. ROTHERT: Can you reference what exhibit  
24 you're talking about?

25 A. I'm sorry, Exhibit 5. The policy states

TODD STEVENS 12/15/2014

Page 36

1 official mail, which includes but not limited to, mail  
2 from attorneys, the courts, officials of the confining  
3 authority, state and local chief executive officers,  
4 public officials, local, state, and federal government  
5 correspondence shall be sent out without being opened  
6 and inspected unless there is compelling evidence of  
7 prohibited acts listed in subsection 3A. Four,  
8 incoming mail will only be inspected for possible  
9 contraband but not read in the presence of the  
10 receiving inmate. To be classified as privileged mail,  
11 the return address on incoming mail or outgoing mail  
12 must clearly identify the authority as a qualified  
13 correspondent of privileged mail.

14 Q. (BY MR. SPRADLING) So that is part of the  
15 policy in addition to the postcard policy?

16 A. That is correct.

17 Q. I just wanted to have that in the record.  
18 Thank you.

19 MR. ROTHERT: So I don't know if you talked  
20 to him. You can either --

21 MR. SPRADLING: He'll waive his signature.

22 MR. ROTHERT: Would you like to waive your  
23 signature?

24 THE WITNESS: Yeah.

On Friday December 20<sup>th</sup>, 2013 I, Corrections Officer Cheney was processing in a new inmate identified as Zachariah Sutton. After completing the booking process with Sutton, I then escorted him to the med exam room to search his person for possible contraband and to dress him out in state issue uniform.

During the search process, Sutton asked me if he would be able to keep his white socks that he was wearing. I stated that it would be okay, only after I searched them to ensure there was no contraband in them. Sutton removed his right sock and handed it to me. I then searched the sock and found nothing. Sutton proceeded to remove the rest of his clothing. At that point, I asked him to remove his other sock. Sutton did so and handed it to me. Inside I found a lighter and approximately half a pack of cigarettes. I informed Sutton that the items were contraband and that they would be confiscated. Sutton complained stating "we were always taking his tobacco"

At this point I continued my search by instructing Sutton to face me and lift his arms so that I could check to see if he had anything taped underneath his arms. I then instructed Sutton to turn around with his back to me and squat and cough. When he did so, I observed no other contraband. After that, I instructed him to shower. After Sutton showered, he began to exit. At this point I heard a clanking noise as if something hard and small hit the floor. I looked down at the floor and observed a cell phone lying on the floor by Sutton. I confronted Sutton about the cell phone; Sutton then asked if I wanted that as well. I told him that I did need the phone; Sutton then picked up the phone and began pushing buttons on the phone as if he was trying to send a message. I ordered Sutton to give me the phone but he continued to ignore me. I ordered him again to give me the phone and he stated, "I'm turning it off". Sutton then gave me the phone. After retrieving the phone, Sutton began saying "your new, you can't do nothing, you don't even have a taser" I then ordered Sutton to get dressed out. He complied without further incident.

Once dressed out, I placed the cigarettes and lighter in the safe. I then placed his phone in with the rest of his property.

To ensure he had no further contraband, Sutton was placed in ISO.

I have nothing further to report.

On November 3<sup>rd</sup> 2013 at approximately 1:09am. C27 Davis and myself, C17 Baliva we're conducting a perimeter check in the old jail. After completing checking the kitchen area, we proceeded into the old garage area to exit out the garage to finish our perimeter check. While Officer Davis was calling up to Dispatch for them to open the garage door for us to exit, I was walking by the trash bins waiting for the garage door to open I looked down in one of the bins and noticed it was empty, but also notice in the bottom of the bin that there was a small orange (BIC) lighter in the bottom of the bin. I grabbed the lighter to collect for evidence purposes and put it into a rubber glove. Then Officer Davis and myself proceeded to finish the perimeter check.

I have nothing further to report at this time.

On Thursday October 30<sup>th</sup>, 2014 at approximately 03:29 a.m. I, Corrections Officer Christian Castellon, was booking in Tamara Nelson. I escorted Ms. Nelson to medical exam room to be searched.

I instructed Ms. Nelson to begin undressing, then she turned away from me and began to remove her clothing. I directed her to face me as she undressed. When she turned to me I noticed an orange object and a white object in her right hand that was not there previously. I asked Ms. Nelson what was in her hand, and she responded by telling me it was nothing. I took the objects from her hand, and identified them as syringes. Then Ms. Nelson stated to me; "Those are mine, you can't have them." I continued the search without further incident.

Ms. Nelson was housed in holding cell 2, and the syringes were given to Trooper Lomedico and put into evidence for his case.

On 05/16/2013 at approximately 1840 C29 Wiseman and myself, C18 Colyer, went into B Pod Cell 206 to secure the belongings of Inmate David Presberry. This was being done per the directive of S07 Stevens to prevent Inmate Presberry's property from being stolen while he is in holding. Upon entering the cell C29 Wiseman asked Inmate Adrian Settles which areas belonged to Inmate Presberry. Inmate Settles pointed out the top bunk and which desk that Presberry used. C29 Wiseman began collecting things from the desk, and I began collecting things from the top bunk. While retrieving the items from under the mattress on the top bunk I found 2 orange colored pills and 2 pink colored pills. Upon finishing the search I asked Nurse Kristin if Presberry took any medication, and if she could identify those pills. Nurse Kristin told me that Presberry doesn't take those medications, and that it's the same pills that Inmate Patrick Rayford in B106 takes. I have nothing further to report at this time.

On Sunday October 6, 2013 at approximately 1245 I, Deputy Colyer, was collecting trays, cups, and sporks from dorm with Deputy Seib. While walking to each of the bunks collecting the cups and sporks from the inmates, I noticed that there was approximately half a package of cheese slices in Inmate Anthony McGill's bunk. I asked McGill who gave him the cheese, and he told me it was a weekender that has already left, Troy Williams. I placed McGill in hand restraints and took him to visitation for further questioning.

In visitation I asked McGill if he knew whom the weekender received the cheese from, and he told me that he didn't know. I told McGill that I was going to leave him in visitation for a few minutes while I collected his property so none of it could be taken.

While collecting McGill's property from Old Dorm with Deputy Seib, Deputy Kimberly Gaulding contacted me on the radio. She asked if we could move McGill to a cell, and I told her I would move him. I left McGill's property locked in the sally port and went to visitation. I escorted McGill out of visitation and secured him in the Isolation cell.

On my way back to the Old Dorm the Laundry Man Michael Davis told me that he has witnessed McGill bullying the kitchen workers into bringing him items from the kitchen. Davis also told me that he thought Inmate Danny Warren might be bringing McGill items.

I then went down to the kitchen and spoke to each of the kitchen workers individually. I asked them if anyone was pushing them into bringing them items from the kitchen. I was told by 3 of them that McGill would try to get them to bring him items from the kitchen, and go through other inmate's property at night. They also told me that Inmate Eric Thomas was known for passing items from the kitchen to inmates in the juice and water jugs. Inmate Eric Thomas was fired from the kitchen this morning for sleeping, however his fellow kitchen workers thought it was for passing items. Inmate Danny Warren told me that he was in an argument with McGill this morning because of the bullying.

At this point I had reason to believe that Inmate Anthony McGill was the source of the problem. I returned McGill's property to him and relocated him to F pod from the Old Dorm. I have nothing further to report at this time.

On June 16<sup>th</sup>, 2014, Deputy Carrie Berry brought in two male subjects to be processed into the Cape Girardeau County Jail. Officer Richard Dettmer and Officer William Crites (myself) were entering the booking area to process the two male subjects.

Upon entering the booking area both male subjects were unrestrained. While patting one male subject down, both subjects were asked if there was anything on them that the Deputy may have missed?, both subjects responded with "No". Officer Crites then directed Officer Dettmer to search inmate Brittany Purl. While Officer Dettmer was patting down inmate Brittany Purl there was no contraband found on inmate Purl's person. After Officer Dettmer was directed to search Purl, Officer Crites had taken his eyes off of inmate Purl to focus on the male subject he was searching. In the time Officer Crites was searching the other subject, Inmate Purl had placed a Crack Pipe with Residue under the vault for cash. Officer Dettmer and myself both missed that Purl had done this during the pat down for contraband into the jail facility.

Officer Dettmer and myself later discovered the Paraphernalia pipe, and notified Lt. Stevens the jail supervisor of the incident. Officer Crites then put gloves on and placed the Paraphernalia in an evidence bag and turned it over to Lt. Stevens.

Officer Crites, then spoke with Captain Mulcahy, who then reviewed the video tape and it clearly showed that while Officer Crites was conducting a pat down of one male subject, that he took his eyes off of Inmate Purl. Officer Dettmer, also missed the fact that inmate Purl had placed the paraphernalia on the counter.

I have nothing further to report at this time.

On June 16, 2014, at approximately 9:56 AM, I, Officer Crites, along with Officer Dettmer, entered the jail booking area to accept a male subject from Deputy Berry.

Upon accepting the male, identified as Brittany Purl, Officer Dettmer conducted a brief pat down of his person to check for weapons and contraband prior to placing him in holding cell 2 to await booking procedures.

At approximately 11:56AM, Officer Dettmer located a silver in color smoking device on a counter top in the booking area. The smoking device was wrapped in black electrical tape and appeared to have a burnt residue on one end.

The jail's attending supervisor, Lieutenant Stevens, was notified of the found drug paraphernalia and after being collected and placed into a evidence bag, it was turned over to him.

After a review of video surveillance in the booking area, it was observed that inmate Purl placed the smoking device on the counter top before being placed into the holding cell.

On Wednesday September 17<sup>th</sup> 2014 at 2:30 pm I, Correctional Officer Christopher Eldridge (DSN: C24) was contacted by Lt. Todd Stevens (DSN: S07) that kitchen matron Melissa had found a box cutter in the kitchen. When I arrived to the kitchen Melissa advised me that she had found the box cutter in the drain of the sink in the kitchen. She stated that when she turned on the garbage disposal in the sink she could hear something banging around in the inside.

Melissa said that she stuck her hand down the drain to see what was causing the sound. She then discovered the box cutter in the sink and contacted Lt. Stevens. The razor blade in the box cutter was missing. She said that she looked inside the drain again and it was not in the drain. She said that she looked around further and still could not find the blade part of the box cutter. After some more looking around the blade was still not found. It is unknown if the box cutter had a blade in the first place.

The box cutter appears to be silver in color and has quite a bit of rust on it. It appears to be an older box cutter and the bottom of the box cutter has separated from each other. I have nothing further to report at this time.

Possible Contraband  
A1 Female Pod  
September 9, 2011 @ 1945  
September 9, 2011 @ 2345  
C28 Koeppel

On September 9, 2011 at approximately 1945 I was taking the book cart to A2 when I exited the booth I could smell cigarette smoke. When I entered the moat area the smell of cigarette smoke was very strong by the female pods A1 and A2. When the door opened for A2 the smell was not as strong but I asked the females who was smoking and they all said they were not. During the process of letting the females select books one of the female inmates

**Dilley, Stacy**  
W/F  
**Ss#: 049-74-1345**  
**DOB: 07/31/1981**

Stated to me that she could smell smoke coming from the fire door, which is located right inside the day room door. I put my face to the door and you could smell straight cigarette smoke coming through the crack of the fire door. I then exited the pod with the bookcart and returned to the booth.

S63 Ordonia and myself returned to A1 a few moments later to see if we could locate the tobacco and lighter. When we first asked the pod nobody said a word. We threatened the pod with a 24, hour lock down and a few of the females stated that they didn't smoke and it wasn't them. One female mumbled "well it's gone now", We then exited the pod and told them they were going to be locked down until somebody confessed to possessing the contraband. Upon entering the booth I was informed by my shift supervisor S61 Goehman that I had to contact Capt. Mulcahy before placing a pod on lockdown. I notified the Captain about the situation and was informed to talk to S61 Goehman and to try to find the contraband.

A few minutes after hanging up with the Captain a female from the A1 pod pressed the intercom and asked to come speak to us the female was

**Vallance, Sandra**  
W/F  
**Ss#: 350-60-4838**  
**DOB: 10/18/1963**

Vallance told Officer Ordonia that she wanted to take the blame because she only had a few days left and she didn't want the pod to get locked down. Officer Ordonia explained

**Cape Girardeau County Sheriff's Office**  
**Jail Division Incident Report**

---

to her that if she was not the one with the contraband that she shouldn't take the blame and that he was not going to lock the pod down that he wanted them to "sweat it out". Vallance stated that she wanted to play along by telling the girls she wasn't going to get to leave on Tuesday that she had a new charge for taking the rap and had to stay in custody.

Upon returning to the pod Vallance told the girls in her cell that she was being charged with possessing contraband in a county facility and played it off as if she was really upset about the matter. About 10 minutes later I noticed a female on the day room door holding a note. The inmate was

**Jansen, Brouk**

**W/F**

**Ss#: 493-84-0804**

**DOB: 04/07/1981**

Jansen placed a note through the window and returned to the pod. The note will be attached to this report. The note read "Dear Ordonia, The older idiot in 201 had the lighter & we all told her to give it here & she flushed it! I will NOT watch Sandra get in trouble for it. Thanks Brouk Jessica Cari Dawnikia" The female the inmates are referring to is

**Dodson, Lorrie**

**W/F**

**Ss#: 553-82-2306**

**DOB: 03/04/1956**

Dodson is sentenced to our facility for a total of 60 days for Driving while revoked, Driving while intoxicated, and Stealing. When Dodson entered our facility I was the officer to strip, search her. She had nothing on her person when searched, the only place she could have had the lighter would be in her vagina. I notified Sgt Koehler via text message to let him know that Dodson was the inmate with the contraband according to the other female inmates.

I have nothing further to report at this time.

On April 11, 2011 at approximately 1425 a female inmate in A2 pressed the intercom and told me that she had some information for me. The inmate I am referring to is

**Poole, Christina L.**

**SS#: 497-88-7227**

Poole informed me that a female inmate in A1 had a bottle of nail polish in a tampon box in her cell. The inmate I am referring to is:

**Knox, Ashunda P.**  
**B/F DOB: 03-02-1986**  
**SS#: 336-76-6019**

At approximately 1435 I called over the intercom in A1-202 and told Knox to bring the nail polish in the tampon box out and set it in the moat area. She complied with no issue. Upon returning to her cell I exited the booth to the moat area to retrieve the tampon box, inside I found a bottle of finger nail polish wrapped inside a sock. The polish was maroon in color and approximately 3 inches in length. When looking through the rest of the contents of the box I also found 1 blue highlighter approximately 5 ½ inches in length and a green highlighter approximately 5 inches in length. Pictures were taken of the contraband and will be forwarded with this report. I have nothing further to report at this time.

Items found during the search are as following:

Two homemade ink pens.  
Two sharpies.  
One Ink pen.  
One metal plate believed to be off of a lighting fixture.  
Two pills. (Unidentified)  
Five matches  
Numerous burnt matches.

Todd Williams is believed to be in possession of one match. Located underneath his mat in bunk 1-10. Donnie Whitney is believed to be in possession of one homemade ink pen, four matches, numerous burnt matches and the light amount of tobacco remains. This was located underneath Mr. Whitney's bunk number 1-11.

Todd Williams, Jeremy Haynes, Donnie Whitney, Dallis Coomer, Rodney Rogers were all questioned about the found contraband. Jeremy Haynes and Dallis Coomer have both worked as Confidential Informants. On Sunday February 22<sup>nd</sup>, 2009 I was the on-call and I received a call stating that officers in the jail had information that Lazingo Washington was in possession of marijuana. I responded to the office to investigate this incident.

Upon reporting to the office, I was informed that Lazingo Washington was showing inmates in the pod that he had a small amount of marijuana on his person. The inmates stated that he was hiding the marijuana in the waistband of his jail uniform. I then began to observe the inmates in C pod.

While observing the inmates in C pod, I noticed that there were several inmates in a small group at one of the back tables with Washington. These inmates can be identified as:

Washington, Lazingo  
B/M

Owens, Michael  
W/M

Jean, Allan  
W/M

The above named inmates were sitting at the table playing cards and I then observed inmates Jean walk into cell C-105 and throw something on the floor. He then flushed the toilet and immediately walked back to the table and sat down. I then observed inmate Owens walk into the cell and pick something up. He walked to the shower and then returned to the table.

Deputy Vaccaro, Jamison, Officer Goehman, Gaulding, and I then exited the control booth and proceeded through the OLD jail to enter the fire doors through the pods to C pod. We entered through E pod and made our way to C pod. Before we entered C pod, we had the laundryman push the laundry into the pod to create a distraction. We then made entry to C pod.

Upon entering C pod, Vaccaro and Goehman instructed Washington, Jean, and Owens to show their hands. Washington and Jean complied and were restrained. Inmate Michael

Owens stood up and turned his back to us and began to walk through the other inmates in the pod. I observed Owens reach into his pants and then place something in his mouth. I restrained Owens and tried to retrieve the object from his mouth. He had already ingested the object. Owens was placed in hand restraints and escorted to the moat area. Upon further observation of his mouth, Deputy Jamison and I could smell the odor commonly associated with marijuana coming from his breath. There was also a small amount of a green leafy substance on Owens tongue.

Owens was placed in holding cell 4 and I contacted Capt. Mulcahy. Mulcahy stated that he would need to contact the United States Marshals.

A short time later, Capt. Mulcahy called me and stated that Marshal Doerge wanted Owens transported to St. Francis Medical center. Deputy Jamison and I transported Owens to the St. Francis Medical Center ER.

When we arrived at the ER, United States Marshal Ned Boyd met us. Boyd helped escort Owens into the hospital.

During triage, Owens was asked a series of questions about why he was at the ER. We informed the triage nurse that Owen had ingested what we believed to marijuana. Owens was then asked to submit to a urine test, in which he stated he would take. X-Rays were later taken and they did not show any abnormalities. The urine test also show that it was negative for THC.

Owens was discharged from the hospital and returned to the custody of the Cape Girardeau County Sheriff's Department and placed into a medical observation cell.

I have nothing further to report at this time.

---

Today, Saturday, December 12, 2009 at approximately 2145 Deputy Blake Jamison and myself, Deputy Tony Vaccaro, responded to a tip, given by inmate Geronimo Hogan, that Levi Elledge and several other inmates in Old Dorm were both smoking cigarettes and concealing smoking related contraband in the Old Dorm area.

Upon arriving to Old Dorm, Deputy Jamison prompted Elledge to prone out so he could be cuffed. Elledge cooperated with the verbal directive. When the subject came to his feet, we found in the pocket of his shirt, tobacco, matches and thin cardboard paper. We then escorted him to booking.

We arrived in the booking area at approximately 2152 and immediately escorted Elledge to Med Exam where we administered both a frisk and strip search of the subject. While searching Elledge we found, on his person, more tobacco and a blue lighter.

After the search of Elledge was conducted in booking, we placed him in Holding 2 and arrived back to the control area at approximately 2157.

On Friday, December 25<sup>th</sup>, 2009 at approximately 8:00 A.M., I went into cell B-207 to retrieve all of Inmate Shawn McDiffett cell property. McDiffett is fully identified as:

***McDiffett, Shawn William***  
***W/M DOB: 08/29/69***  
***SSN# 515-68-2294***

Captain James Mulcahy placed McDiffett into administrative segregation for the actions towards Correctional Officer Sie Merriman on December 24<sup>th</sup>, 2009 during the evening shift hours.

While gathering up all of McDiffett cell property, I found the following contraband inside his cell. McDiffett was the only inmate assigned to that cell.

- #1. Cigarette lighter, red in color, lighter fuel almost gone, hidden inside a sock with plastic around it.
- #2. Inside the plastic, which was in the sock was a couple pieces of rolling papers.
- #3. A peanut butter jar containing what appears to be the beginning of the process of "jail house homemade hooch", this was located in his bunk.
- #4. A peanut butter jar containing what appears to be the final stage of the process of "jail house homemade hooch", this was located in his sink with a towel covering it up.

The contraband was photographed and then was properly disposed of. Sgt Eric Koehler was informed of my findings.

Thursday, March 11<sup>th</sup>, 2010 @ approximately 0900 Deputy Gregg Brown was conducting a search of all the kitchen workers before they returned to the Old Dorm. Brown instructed me to assist with searching the kitchen workers. I began a search of trustee identified as:

Mitchell Smies  
DOB: 05/24/1988  
SSN: 618-14-6858  
W/M

During my search I reached into Smies shirt pocket. In Smies pocket I felt a small ball possibly wrapped in plastic. I pulled the small object from Smies pocket. I was not for sure of its origin. I asked Smies what the object was. He told me it was tobacco. I did not ask Smies any further questions. Due to the fact I had found what I believed to be contraband I began a strip search of Smies in another area of the jail. I striped search Smies in G-1. G-1 is a shower area with complete privacy. Due to the contraband I felt a strip search was necessary. I did not find any further contraband on Smies. At that point I escorted Smies to booking and placed him into holding cell one.

At that point I informed Sergeant Brooks Brockmire of the contraband. I unwrapped the object and determined it to be what I believe to be two small pouches of tobacco. The tobacco had a very strong mint smell. At that point Sergeant Brockmire, Deputy Brown and myself decided to speak with Smies about the tobacco. Brockmire read Smies his Miranda rights. Smies told us that it was pouch tobacco. Smies refused to tell us how he received the tobacco. Smies lost his trustee status and was placed into C-pod. C-pod is a lockdown pod, not an open bay, which Smies is, accustom to. To my knowledge Smies is not receiving good time. At this time we do not have any information on where the contraband came from or how Smies received it. Due to the small content and nature of the contraband, criminal charges have not yet been filed. I have nothing further to report at this time.

On Monday, March 29<sup>th</sup>, 2010 I received at tray pass from server Ethan Barnett that there was contraband in the old dorm. The following identifies Ethan Barnett:

Ethan Barnett  
SSN: 490-02-3062  
DOB: 05/09/1989  
W/M

I spoke to Barnett in medical iso. Barnett explained to me that there was Marijuana and possibly pills located in the old dorm. Further more he explained to me that this contraband was going to the federal inmates. Barnett felt that if he was to divulge further information he should be granted early release.

I contacted Captain Mulcahy to relay Barnett's request. Mulcahy informed me that we could not promise such a release. Furthermore without the contraband in hand and better information he would not deal with Barnett. Barnett was pretty upset with this information. Barnett did not want to work with us anymore. Captain Mulcahy informed this shift to search old dorm anyways. I then informed Barnett that we were about to search with his help or without. I informed Barnett it would certainly look better for him if I could tell the Captain he had helped.

Barnett told me that the marijuana would be located in the plunger by the toilets. At this time approximately 23:30 we searched old dorm. Deputy David Goehman, Deputy Jason Koch, Officer Randy Koehler, Officer John Simmons and myself entered old dorm. We had everybody located in the old dorm exit so that they could be search in the common area by Koehler and Simmons.

Immediately Deputy Koch unscrewed the plunger. In the plunger we located a small baggy of what appeared to be marijuana and a small purple bic lighter. Koch seized and placed the contraband in his pocket. Goehman, Koch and myself continued a search of the old dorm. We located various contraband such as:

Extra Blankets  
Extra Sheets  
Extra Clothing

1 Bag of Marijuana  
1 Purple bic lighter  
4 Razor Guards  
15 Oranges given back to head kitchen matron Gila.

After the search the inmates returned to the dorm. Along with the extras and contraband the TV was also taken for temporary reasons. I did have a talk with the trustees in the dorm about the contraband. From what I understand the following day some of the trustees lost their trustee status. Deputy Koch disposed of the marijuana per Captain Mulcahy. It also should be noted that according to Barnett the marijuana came from weekender Chucky Welker. Chucky Welker had served his last weekend and was released earlier in the day. Ethan Barnett was transported to Perry County due to the incident. I have nothing further to report at this time.

On Thursday April 22, 2010 during the inmates scheduled outside recreation, Sergeant Koehler, Deputy Kight, Officer McClard, and I conducted cell searches in C pod and E pod.

We began searching in C pod. During the course of the search, we found minimal contraband such as a few torn towels and a torn sheet. While searching cell C-206, Deputy Kight located a bottle of "allergy" tablets that contained several pills that did not match. The allergy tablets are an oval shape and are bright pink in color. The bottle also contained the following:

- 1- Round orange in color pill identified as Haldol 2mg.
- 1- Round pink in color pill identified as Haldol 2mg.
- 1- Oval white in color pill identified as Benztropine (Cogentin) 1mg.
- 1- Round white in color pill. Appeared to be "cheeked" and unable to identify. Possibly Thorazine 100mg.

The inmates that are assigned to this cell are:

On Thursday, April 22<sup>nd</sup>, 2010 at approximately 09:30 Sergeant Brooks Brockmire, Officer Cody McClard, Sergeant Erik Koehler and myself entered C-pod to conduct cell searches. The inmates in C-pod were currently in the recreation yard for their scheduled rec. A small amount of typical contraband was found such as extra clothing and other items not being used for there original intent.

Officer McClard and myself entered cell 206. Upon entering the cell I noticed a bottle of allergy tablets that looked to have other unidentified pills located in the bottle. The bottle of allergy tablets can be purchased off the inmate's commissary. The allergy tablets themselves are typically oval shaped and pink in color. I noticed four pills that did not match this description. I turned the bottle over to Sergeant Brockmire.

Upon entering housing control the allergy tablet bottle and its contents were turned over to Nurse Beth Kelly. Nurse Kelly identified the four pills as following:

- 1- Round orange in color pill identified as Haldol 2mg.
- 1- Round pink in color pill identified as Haldol 2mg.
- 1- Oval white in color pill identified as Benztropine (Cogentin) 1mg.

On Thursday April 22, 2010 during the inmates scheduled outside recreation, Sergeant Koehler, Deputy Kight, Officer McClard, and I conducted cell searches in C pod and E pod.

We began searching E pod as soon as the inmates were removed from the pod. The search was conducted throughout the entire common area including the cells. I began to search cell E-103 who was occupied by only one inmate. This inmate can be identified as:

KOELLER, David Edward  
DOB: 11-15-1984  
SSN: 594-50-9287  
M/W

Upon searching the cell, I discovered that Koeller had several carvings throughout his cell made from bars of soap. I then began to search for the items that he was using to make the carvings. I located a sock under Koeller's bed that had staples in it. It appeared that he was attempting to conceal the contraband from sight. I then located one extra blanket that was jammed between his bunk and the wall. Upon further observation, I noticed that there was a spork that appeared to be burned and carved into, stuck to the bottom of his bunk with a black tar like substance from the window seal.

I then began to check the window seal. When I pushed the window to make sure that it was secure, an approximately 10" piece of plastic fell from the center bar of the window. I also noticed what appeared to be plastic shavings near the lower left corner of the window. I also located several "homemade" strings that were possibly constructed from the material in the jail issued mattresses.

At this point, I radioed for Officer Merriman to send Koeller in from the recreation yard so that I could speak with him. When Koeller entered the pod, I asked him about the window, he stated that he did not know anything about it. I asked Koeller if he had anything else that I should know about and he stated that he did. He removed the following from his shirt pocket:

- 1- small silver in color "self- tapping" screws
- 1- metal piece from the rivets used to secure the shower bars to the wall
- 5- small lead pellets that are possibly remnants of the "bean bag" shotgun loads.

All of the contraband collected during these searches were confiscated and photographed and will be forwarded with this report.

Koeller was placed in holding cell #2 pending the approval for administrative segregation.

I have nothing further to report at this time.

On Thursday, April 22<sup>nd</sup>, 2010 at approximately 09:30 Sergeant Brooks Brockmire, Officer Cody McClard, Sergeant Erik Koehler and myself entered E-pod to search cells. The inmates in E-pod were located in the recreation yard due to their scheduled rec. I was on the top tier conducting my search of E-pod when I overheard on the radio Sergeant Brockmire asking for David Koeller. One inmate occupies E-103. I entered David Koeller's cell E-103. I noticed Brockmire and Sergeant Koehler appeared to be uncovering a large amount of contraband. I started to assist in the search. Brockmire informed me that we might be looking for a very sharp object. David Koeller is a federal inmate identified as the following:

David E. Koeller  
SSN: 594-50-9287  
DOB: 01/15/1984  
W/M

At this point and time Koeller entered the pod. Brockmire began to question Koeller on the contraband being located in his cell. During this duration I located some small pebbles probably the remains of the beanbag shotgun rounds. I handed these over to Brockmire. Brockmire and Koehler began to search the cell again. I began to talk with Koehler. At that time Koehler reached into his shirt pocket and handed me several pieces of metal, what appeared to be different kind of staples, nails and screws. I then escorted Koeller to holding cell two where he remained for the duration of the search.

I resumed my search in the booth with all of Koeller property. Officer McClard and Sergeant Koehler assisted. At this point and time I entered holding cell two to search Koeller further. I had walk under the walkthrough magnetizer. I also conducted a strip search. During this strip-search I confiscated a large wooden piece that was probably once a comb. A comb with all the bristles removed. I also took some string that Koeller had in his shoes. It appeared that he was using this string as if it were shoestrings. Koeller informed me that the wooden piece was their hockey puck they use on rec. After further inspection of these items with Captain Mulcahy we concluded that these were probably the items he used to obtain the sawed off piece of plastic approximately 10" long from the window seal. (See Sergeant Brockmire full report.) The string material was very sturdy almost like rope. You could see on the wooden piece where it looked as

if it had been used in a saw motion. Koeller for the time being remained in holding cell two. All contraband was seized. Pictures were taken of most of Koeller's contraband. On Thursday, May 20, 2010 at 9:50 am, S09 Brockmire, S63 Jamison, C24 Beard and myself entered B-Pod to search for suspected contraband. Sgt. Brockmire had gotten a tip that a lighter was located within B-102. The inmates that are currently being housed in that cell are Brian Todahl and Kenneth Jones. At approximately 0953, Sgt. Brockmire and I entered B-102 to begin our search of this possible lighter while S63 Jamison and C24 Beard conducted a search of cells on the second tier of the pod. S63 Brockmire started searching the bunks within the cell and the mats for possible tears. I started my search in B-102 at the first desk on the left as you enter the cell. I looked in the desk cubbyhole and within seconds located a small purple "bic" lighter behind a book and other miscellaneous papers. I informed S09 Brockmire that I had found the lighter and then handed it to him. S09 Brockmire took the lighter and spoke with the following inmate whose desk it was found in:

Brian Todahl

Race: White Age: 30

SSN: 493-82-9006

D.O.B: 03/31/1979

Inmate Todahl admitted that it was indeed his lighter. He openly admitted that he has had it since he was originally brought in on 02/25/2010 and that no one had used it since it had been brought in. S09 Brockmire and I gathered Inmate Todahl's cell property and escorted him to Booking and placed into a holding cell. S63 Jamison, C24 Beard, and myself continued with cell searches. Tonight at approximately 19:20hrs laundryman Jeremy Haynes gave me a note that read as follows, " F-pod is getting high". At that time I sent the other laundryman Nathan Oxley to clean Iso so I could speak with Jeremy Haynes in private. At approximately 19:23hrs Officer Austin Clardy and myself went back to speak with Haynes about the note. Haynes stated that when he was cleaning the moat he could smell the odor of marijuana coming from under the door. He said he believed they were smoking upstairs.

Shortly after speaking with Haynes Clardy and myself were joined by Deputy Matthew Kight and Officer Cody McClard. Clardy, Kight, McClard and myself went into F-pod through the fire door and went directly upstairs. Upon reaching the upper level I could see a smoky haze over the area between bunks 2-3 and 2-4 I also noticed a congregation of inmates in that area. When I walked between the bunks I could tell that the odor was much stronger in that area. Officer McClard and myself conducted a pat down search of the inmates that were in that area one of which was identified as:

Sherfield, Matthew Tyler  
SSN: 491-06-6919  
DOB: 11/30/1991  
W/M

After the search we sent all of the inmates out of the pod to G&H hallway so that we could safely conduct cell searches.

After all inmates were secure Officer Clardy and Myself began to search bunks 2-3 and 2-4. After a few minutes of searching I discovered a small plastic bag located at the end of the mat in 2-3 lower. The bag had a strong pungent odor commonly associated with marijuana and there were a few pieces of a green substance left in the bag. I then continued to search the surrounding area and found more small pieces of green substance. I then placed all that I had found back into the plastic bag.

At approximately 19:38 hrs Deputy Kight, Officer McClard, and Officer Clardy escorted the inmate from bunk 2-3lower who was identified as:

Cape Girardeau County Sheriff's Office  
Jail Division Incident Report

Long, Christopher Joseph  
SSN: 494-86-8205  
DOB: 06/26/1978

And Sherfield out of G&H hallway and down to the visitation area. Sherfield was placed in the inmate visitation room and Long was placed in the video arraignment room. At this time I returned to the control booth with the evidence I had collected and called the on call Sargent Brooks Brockmire. After contacting Sgt. Brockmire I also notified Captain Mulcahy of the situation. At approximately 20:05hrs Officer Clardy and Officer McClard returned to F-pod to continue searching the area for any remaining contraband.

At approximately 20:15 Deputy Kight and I went to the video arraignment room to speak with Mr. Long where Sargent Brockmire shortly joined us. I read Long his rights from a Miranda waiver form and he signed them and agreed to speak with us. Long said he knew there were a few inmates smoking in his bunk but he said he was downstairs while they were smoking it. After we spoke with Long we went to visitation and Spoke with Sherfield.

Once we were in visitation I read a Miranda waiver to Sherfield and upon finishing I asked him if he'd like to speak with us at that time and he sated that he would not. We then exited visitation and returned to the control booth. A few minutes later Officers Clardy and McClard said that they had found some more contraband so I re-entered F-pod. In F-pod they showed me some more ashes they had found and handed me a paper bag that they had found under bunk 2-4. I began looking through the bag and found a burnt match and some burnt paper. Shortly after collecting the contraband Deputy Noisworthy notified me over the radio that Sherfield wished to speak with me.

At Approximately 21:03hrs I returned to visitation to speak with Sherfield. Sherfield said that he would like to speak with me about what happened. At that time I got Sherfield a new Miranda waiver and again advised him of his rights. He then signed the waiver and told me that he had brought the marijuana in with him in his pants after he was arrested. I asked Sherfield if he would be willing to fill out a voluntary statement and he agreed to do so. I left Sherfield with the voluntary statement form and a pen in visitation. A few minutes later Sherfield hit the button and said that he was done with his statement. I collected it and Sherfield was later sent back to F-pod.

I later took all of the evidence I had collected downstairs and placed it into evidence bags and sealed it and then placed it in the jail supervisors office and locked the door per Captain Mulcahy's orders for pending review. I have nothing further to report at this time.

On Wednesday, July 21<sup>st</sup>, 2010 at approximately 5:00 A.M., Correctional Officer Austin Clardy and myself were both conducting a blockwalk throughout the entire jail area. As I entered A1-Block, I smelt what seemed to be tobacco. I couldn't conduct a walk on the bottom tier of A1-Block do to a female inmate using the restroom. As I entered A2-Block I asked Correctional Officer Clardy if he smelt what seemed to be tobacco. He stated he did smell something and thinking about it, it did smell like tobacco. As I finished the walk in A2-block, I reported back to A1-Block. Once I finished the walk on the bottom tier, I walked up to the top tier to see where the smell of tobacco was coming from. As I passed cell 202, it appeared that the inmate in the cell was pointing over to cell 203. The only female assigned to cell 202 is identified as:

McGhee, Angela Deloris  
B/F DOB: 03/10/71

As I walked back to cell 203 I smelt a strong odor of tobacco coming from the cell. At this point and time Correctional Officer Clardy responded back to my location. I instructed Deputy Blake Jamison to open up cell 203. The smell of tobacco was strong in the cell. Both female inmates denied smoking

Today at approximately 1815, an inmate came to the control booth window for a sick call slip, and also gave me a note. The inmate is identified as:

Cox, Susan Lee  
W/F

DOB: 9/01/1947  
SSN: 490-52-7672

Location: A2-104

The note she gave me contained four pieces of an unidentifiable plant substance and read "Marijuana Smoke around 9. Slip some to B pod for light". Susan Cox then went back to A2 pod.

Around approximately 2130, female inmates in A1 hit the intercom button in A1 103. I answered the call to which the inmates replied "They're smoking over there, we don't want any trouble". After hearing this, I promptly turned the monitor on A2. I noticed a few inmates hovering around inside A2-104. I put the intercom button on to listen if there was any illegal activity going on. I heard a female say "shush, it's a cigarette, don't say nothing". Upon hearing this, I turned off the water in A2. I then told S61 Goehman, C23 McClard, C24 Beard and S56 Koch that there was a cigarette in A2. S61 Goehman, C23 McClard, and C24 Beard responded to A1. Once inside A1, I opened the fire door to allow the officers to respond quickly enough that the contraband could not be hidden. With the intercom still on in A2 104, I heard a toilet partially flush. Shortly after, I heard the voice of C23 McClard state: "Dang,. That sucks". At this point, I observed C24 Beard escorting two unidentified female inmates to the front door of A2.

The inmates were identified as:

Lipps, Tristen Denise  
W/F

DOB: 8/06/1986  
SSN: 500-92-0462  
Location: A2 -102

And

C24 Beard escorted Lipps and Bloodworth to Holding Cell 1. I then went with Beard to witness him wand down Lipps and Bloodworth with the portable magnetometer, then I turned off the water in Holding cell one in case they still had a lighter concealed upon their persons. After returning to the booth. S56 Koch was on the phone with Captain Mulchay who advised him to lock down A2 pod until further notice.

The contraband was seized for evidence. Pictures were taken of the note and of the evidence. The two female inmates were placed back in their respective cells. I have nothing further to report at this time.

At approximately 7:55 a.m. on Sunday, August 1<sup>st</sup>, 2010 Correction Officer John Simmons and Correction/Reserve Officer Kimberly Lay were conducting a shift change blockwalk between the midnight shift and oncoming day shift. After both Officers had conducted a head count of pod A1, Officer Simmons informed us over his radio microphone that A1 had the strong smell of what is commonly associated with tobacco smoke coming from the surrounding area outside of cell A1-202.

Immediately after receiving this information, Deputy Goehman, Deputy Houseman, Deputy Noisworthy, and myself gathered latex gloves and entered A1 while Deputy Jamison ran the jail control computer. Deputy Jamison shut off the water leading into A1 so that there would not be a risk of any contraband being flushed in a toilet. Upon entering A1, I proceeded up the stairs leading to the top floor where cell 202 was located. Immediately arriving on the second tier, Deputy Jamison opened the secured cell door leading into cell 202. I then asked both inmates Pauline Starr Clares and Tamara Marie Lutes to exit the cell. Inmate Clares was very hesitant to obey this directive at first, but I again directed her to exit the cell with a firmer tone and she complied. Inmate Lutes was moving very slowly and I again had to direct her in a firmer voice to exit the cell. I directed them both to go down the stairs into the pod common area. As soon as inmate Clares reached the common area, Deputy Noisworthy took her into the common room showers to conduct a strip search for any hidden contraband. While Deputy Noisworthy was conducting the search of inmate Clares, Deputy Houseman, Deputy Goehman, and myself conducted a thorough search of cell 202.

During my search of cell 202, I found a small bible that is commonly issued to the inmates through our jail. Immediately after opening the small bible, I discovered a small amount of smoking tobacco that was still wrapped in the paper commonly used in commercially sold cigarettes. I confiscated this small amount of tobacco and continued with the two other Deputies with the search of cell 202. After we determined that there was not any additional smoking tobacco in the cell, we proceeded down the stairs to A1 common area. As we entered the common area we were met by Deputy Noisworthy who informed us that inmate Clares had willingly handed over a small plastic bag that contained three small cigarettes rolled with paper from a small bible (see S59 Stephanie Noisworthy's incident report for more detailed information on her findings).

Inmate Tamara Lutes was instructed to return to cell 202 and Inmate Pauline Clares was escorted into the moat area outside of pod A1. Upon arrival into the moat area, Deputy Jesse Houseman read inmate Clares her Miranda Rights and inmate Clares responded that she understood her rights and was willing to answer any and all questions.

Cape Girardeau County Sheriff's Office

I then questioned Clares about the tobacco in her cell and the tobacco on her person. I asked Clares if the tobacco that was found in her possession was indeed hers. She responded that yes, it was. I then asked Clares if the bible found in cell 202 was hers. She responded again that yes, it was indeed hers. I then asked her if the tobacco that was found inside of the bible was hers as well, and yet again, she answered yes. I then questioned her as to where she was able to come into possession of said tobacco and she stated that it had been given to her as well as given to other inmates by another unknown inmate. Clares admitted to have previously bringing in tobacco but had given it over to the other Deputy and Corrections officer at that time. I then began to tell her of the potential consequences of being found to have possession of contraband in a jail facility and the ramifications it could bring. Inmate Clares then began to break down and cry and stated that she promised that it would never happen again and that she would inform us of any other contraband that made its way into the females pod. She then began to tell me of other inmates that had supposedly brought in contraband of their own. I took note of this information and then gave inmate Clares the directive to go back to cell 202. After Clares returned to her cell, I made my way back into the jail control booth. I have nothing further to report.

On Saturday October 2<sup>nd</sup>, 2010, I was sitting at the housing computer at approximately 1330 hours. Deandre Tipler pushed the intercom in Cellblock B-202. He stated that he just smoked something that made him very high and he needed to get out of the cell. I opened his door and told him to exit. While the door was open, Tiplers celly (Marcus Rice) took Tiplers mat and tossed it out of 202. Officer Gaulding and myself went out to the moat to speak with Tipler. He was being very incoherent. Nurse Kelly checked his vitals. Other than having a little bit higher heart rate nothing was wrong with him. I went back to grab Tiplers property and as I picked up Tiplers mat and out fell a one hitter pipe in the form of a cigarette. At this time we escorted Tipler to Holding 1. Officer Gaulding and myself went back to cell B 202 and conducted a thorough search and there was nothing more to find in the cell. Now we escorted Marcus Rice down to booking to be strip-searched. Nothing was found on his person. Rice was placed in Holding 2.

On Sunday, October 10, 2010 at approximately 1400 Deputy Tina Henderson and myself spoke with kitchen matron Bridgette Duvall. Duvall expressed her concern over possible contraband the kitchen workers may have such as tobacco. Duvall apparently noticed an open box that contained Meals Ready to Eat. (MRE's.) Duvall estimated that 5-7 packages were missing. I remembered that MRE's typically contain one book of matches.

With the information we had, we decided to conduct a search of South block. South block houses our trustees. Approximately 1440 Officer Lana Koeppel, Officer Sie Merriman, Officer Austin Clardy and myself entered South block to conduct a cell search. I directed all inmates currently housed in South to exit the pod immediately. We placed all of South block into the common area by the kitchen. At this time I noticed a strong cigarette like odor coming from Old Dormitory. The Old Dormitory is currently housing weekenders and non-violent sentenced inmates. Officer Koeppel, Officer Merriman, Officer Clardy and myself also directed Old Dorm to exit their pod. Upon entering Old Dorm I noticed an inmate identified by the following:

Cameron Keith Moore  
SSN: 492-04-4102  
DOB: 10/02/1990  
W/M

I observed Moore on his hands and knees in the shower area by the toilets. Also in this area was inmate Detrayous Donte Curry who appeared to be using the facility. Also in the area was inmate David Ray Minnick who appeared to be brushing his teeth. Curry is identified as the following:

Detrayous Donte Curry  
SSN: 494-88-0579  
DOB: 01/03/1984  
B/M

The following identifies Minnick:

In my experience I identified the spot Moore appeared to be tampering with as a hiding spot for contraband. Also upon my entrance into Old Dorm, I noticed Minnick kicking Moore on his side as to alert him to my presence. I found Moore position by a man that is using the restroom very suspicious. Once Curry (Inmate using the bathroom) finished using the bathroom facilities he appeared to bend down and grab a package wrapped in toilet paper. This appeared to be the same area Moore was trying to tamper with. Curry quickly picked the unknown item off the floor and flushed it. It is my belief that this was some type of contraband. The Old Dorm itself was very hazy from a type of smoke. The smell was consistent with somebody smoking cigarettes. All inmates currently housed in Old Dorm were moved to G and H hallway. However I detained Moore, Minnick and Curry. Moore, Minnick and Curry remained with Officer Merriman.

At this time I spoke with the trustees about possible contraband located in their cells. Some trustees admitted to contraband such as earplugs and pens. Ben Savage a server, admitted to having a lighter in his mat. The following identifies Savage:

Benjamin Savage

SSN: 248-47-4220

DOB: 08/22/1965

W/M

At this point I already have suspected Justin King a kitchen worker to be a suspect. King is currently the baker (Head kitchen worker) and would have had access to the MRE'S. King is a roommate with Savage. The following identifies King:

Justin Ellis King

SSN: 497-88-6572

DOB: 07/01/1983

W/M

At this point and time Officer Koeppel began searching the Old Dorm. I began searching South block. Officer Clardy and Officer Merriman supervised the inmates left in the common area. During this process Officer Koeppel had to return to housing control to resume assisting with visitation. At this time I instructed Officer Merriman to strip search Curry, Minnick and Moore. Upon strip-searching Moore, Officer Merriman located what appeared to be rolled up toilet paper on Moore's person. Inside the toilet paper were burnt matches, ashes and what appeared to be the remains of tobacco. At this time kitchen matron Bridgette Duvall requested to speak with me.

I made contact with Duvall in the kitchen. She showed me an empty cake batter sack that contained the remains of MRE'S. The sack also contained a used match. At this point I asked for Officer Clardy's assistance in searching Justin King's cell.

Cape Girardeau County Sheriff's Office  
Jail Division Incident Report

I began my search of King and Savage's cell. Officer Clardy and I located rolling papers, possible tobacco remains, small Tabasco sauce container and one small green bic lighter. With my previous experience in opening an MRE I know that the Tabasco sauce is associated with a book of matches. The Tabasco sauce containers could have only come from the MRE'S. In each MRE, there is one Tabasco sauce container and one book of matches. The green bic lighter was found in Savage's mat. This should have been the lighter that Savage previously admitted to having.

At this time King requested to speak with me. Officer Clardy and I spoke with King. King admitted to taking one MRE. King also admitted to smoking a cigarette in the kitchen. King informed me that he could hand me one book of matches with only one match missing. King also advised me that the weekenders were bringing in the tobacco. Also I asked King if information was being passed down from trustee to trustee about the available MRE'S and he agreed.

Due to headcount needing to be conducted and lack of Officers available to assist we had to end the search. Officer Clardy and I briefly walked through the remaining cells. Only two cells were thoroughly searched in south block. Officer Koeppel briefly searched Old Dorm. Officer Clardy and I returned to the spot we previously believed Moore was attempting to hide contraband. Officer Clardy located another book of matches. I believe Curry was able to flush some contraband. I believe it was what remained of the tobacco. We were able to confiscate a lot of contraband. I still believe that matches and other contraband remain. The contraband that was confiscated that may be of importance is as follows:

Napkin-Containing tobacco remains, ashes and used matches.

1 small green bic lighter.

3 books of matches. (MRE matches)

1 large fingernail clipper. I located the fingernail clippers in south block cell 6. This appears to have been the laundry workers Tommy Miller and Josh Gephart. The fingernail clippers did not have the filing part torn off. Could have made a perfect "Shank". A shank is typically described as a jailhouse weapon. Jail staff probably passed out this fingernail clipper recently. The clipper would have been sturdy, long and very sharp. This potentially could have been very dangerous!

All trustees were warned about possible punishment with any further problems. The trustee's were allowed to return to South block. South block to my knowledge was on lockdown for the night. Old dorm was also allowed to return to their pod. To my knowledge Old Dorm was on lockdown for the night. The exceptions were Justin King and Cameron Moore. King was placed into B-pod and fired from his kitchen position due to his role in the contraband. Moore was placed into holding cell two and lost his

visitation for that day due to his role. Currently Moore is being considered for criminal charges.

Most of the contraband has been thrown away including one mat. The fingernail clipper was returned to its proper place with the filing attachment broken off. The opened box of MRE'S is now located in the booth. I still have custody of the bic lighter, matches and napkin. I have nothing further to report at this time.

On Wednesday October 20, 2010, I instructed jail personnel to conduct a contraband search in C pod. At approximately 0915 hours, all inmates were instructed to exit the block.

At this time, federal inmate William Kaku began to quickly go up the steps towards his cell. I instructed Kaku to come back down the stairs and exit the pod as instructed. Deputy Jamison and I then proceeded up the stairs to stop Kaku from entering his cell. I then asked Kaku why he failed to comply. He became belligerent and began to curse towards Deputy Jamison and I. I then instructed Kaku to place his hands behind his back so that he could be escorted from the block area. He resisted my efforts to secure his hands into the restraints by tensing his arms and shoulders and by stating, "keep your fucking hands off of me." I was able to secure Kaku into hand restraints and then removed him from the block into the moat hallway. He stated that it was just a misunderstanding and that he was just going to wake up his cellmate.

As officers continued to search the inmate housing areas, Deputy Jamison found a black trash bag filled with an unknown liquid, under the top mattress in C Pod, Cell # 205. Jamison turned the bag over to me and upon further inspection I discovered that this substance was what is commonly referred to as "hooch" or "jail house liquor". The bag contained a mixture of fruit that is served on the inmate food trays, bread (for yeast), and sugar.

Kaku was moved into a holding cell pending this report. Photographs were taken of the contraband and will be forwarded with this report.

Today at approximately 1615, while conducting med pass with Nurse Olivia, S57 Henderson observed an inmate take his medicine and place it under his mat in his cell. The inmate is identified as:

Davis, Joe David  
W/M  
SSN: 498-90-2502  
DOB: 10/02/1985  
Cell Number: B-106

As I was operating housing control, S57 Henderson called to my attention that she just observed Joe Davis place something that appeared to be his meds underneath the front portion of his bunk underneath his mat in cell B 106. As meds were passed from pod to pod, the cell doors were open for approximately 15 minutes before going closed for the evening. I isolated cell B 106 so that it would not go open at 2100.

Cell doors went closed at approximately 2203, after which, C25 Floyd, C29 Teague and myself went to cell B 106. I instructed inmates Joe Davis and Derek Tucker to remain seated at the benches while C25 Floyd and C29 Teague conducted a search of Joe Davis's bunk for the hoarded meds. C29 Teague located the meds in the location that S57 Henderson described to us. The pills were located in an empty clear plastic deodorant container. Three pills were recovered during the search. Two of the pills were small round and white in color, the other pill was a small orangish-red oblong pill.

After that, we escorted Joe Davis to Holding Two. He was given a mat, a blanket and two sheets. Davis stated that the meds make him fall asleep and that he takes the pills before he goes to bed. We informed Davis that he was to take the meds at med pass and cannot hoard the meds. We then informed him that if he wasn't going to take the meds, he should sign a medical refusal issued by the nurse.

No further incident has occurred at this time.

On Tuesday December 7, 2010, I was advised by jail personnel that federal inmate Rudy Gonzales was failing to lockdown. I then responded to C pod and met with Deputy Phillips and Corrections Officer Simmons. They advised me that Gonzales was failing to lockdown due to an issue with his laundry.

I advised the control booth to open the main cellblock slider to C pod. I then instructed inmate Gonzales to step out into the moat area so that we could speak. I asked Gonzales what the problem was, and he stated that he did not have an extra uniform. I then advised Gonzales of the proper procedure for requesting extra items needed, such as laundry, laundry bags, cosmetics, and shoes. He then stated that he was not going to file a request, and began to demand that officers bring him his laundry. I advised Gonzales to calm down, and after I checked his cell for the items in question, the items would be replaced as soon as the request form was completed. Gonzales then became belligerent and began cursing at Corrections Officer Gaulding, who was currently running the control booth, and began calling him a "punk ass bitch", a "faggot", and a "fucking pussy." This appeared to be unprovoked, as Gaulding was merely running the housing computer. Deputy Koch was in the control booth at this time, and later informed me that Officer Gaulding did not say anything to inmate Gonzales to provoke his actions.

Due to Gonzales becoming more aggressive, I asked Gonzales to turn around and cuff up. Gonzales complied with my directive. I then instructed Gonzales to go to booking, and informed him that he was going to be placed in administrative segregation for failing to lockdown, and cursing jail personnel. Gonzales stated that he understood.

Once in the booking area, Gonzales was placed into holding cell #2. Deputy Phillips removed the hand restraints, and told Gonzales to have a seat while I made sure that holding cell #4 was clean and available for use. Gonzales then stated that he did not "give a fuck", and that he was a federal inmate and knew how to "play the game." I asked Gonzales what he meant by this and he stated that he knew that the "fed won't keep me up here, that's not how this shit works."

Deputy Phillips, Officer Simmons, and I then returned to C pod to search Gonzales's cell. Upon entering the cell, we asked his cellmate, Juan Chavez, what property was his and which was his cellmates. Chavez indicated that all of Gonzales's property was located in the desk immediately inside the cell, and that Gonzales was assigned to the top bunk.

## Cape Girardeau County Sheriff's Office

## Jail Division Incident Report

Chavez was asked to exit the cell, and he complied. We then began to search the cell. I located three felt tipped pens that had the tips removed. Two of the pens had inserts from an ink pen inside of it, and one pen had what appeared to be lead from a pencil inserted into it. Later in the search, I located an ink pen that was missing the ballpoint insert. I also located a towel that was sewn into a pillow with what appeared to be elastic from the jail issued undergarments. I then located a jail issued orange shirt and a pair of jail issued orange pants under Gonzales's mattress. I checked with Chavez and he stated that he had two uniforms and confirmed that the items located were those of inmate Gonzales.

I returned to booking and confirmed that holding cell #4 was available for use, and instructed Gonzales to enter the cell. He then stated to the officers present "get the fuck out of my face", as they were trying to verify that he received his property. The door was secured and all officers exited the booking area.

Shortly after returning to the control booth, Sergeant Jones of the communications Division contacted jail officers and stated that inmate Gonzales was causing a disturbance to the communications division by repeatedly kicking and hitting the door to the holding cell. It was also discovered that inmate Gonzales had covered the camera with toilet paper and was restricting our ability to monitor his actions.

Deputy Phillips, Officer Simmons, and I proceeded to the booking area. I brought the jail division's Kodak high definition video recorder with us to record our interaction with Gonzales.

Upon entering booking, I informed Gonzales that everything that he said and did was going to be recorded. I then asked dispatch to open the door to holding cell #4. Upon entering the cell, Gonzales immediately approached me and began to demand his uniform. I informed Gonzales that he needed to remove the paper from the surveillance camera. Gonzales then stated, "No I'm not, you take it off." I again instructed Gonzales to remove the paper from the camera. He then placed his hands behind his back and began to walk away from me. He stated, "if you tase me, then it is all on you." I then informed Gonzales that he was getting three warnings to remove the paper from the camera, or I was going to deploy the Taser. I again informed Gonzales that this was the last directive I was going to give him to remove the paper from the camera. Gonzales then stepped onto his bunk and removed it from the camera. He then made the gesture that he was going to throw the paper at me, but instead proceeded to throw the paper onto the ground. I informed Gonzales to have a seat on his bunk and we could discuss his situation, but he continually refused my directive.

Gonzales then began to rant that officers were calling him names and cursing him. I assured him that this was not the case, as I was present throughout this incident. I again informed Gonzales numerous times to simply file the appropriate paperwork, and the items would be given to him promptly. He again stated that he was not going to fill out the paperwork, and continued to curse me, calling me a "dumb ass". I reminded Gonzales that everything was being recorded and he replied, "Fuck that fucking recorder".

Cape Girardeau County Sheriff's Office  
Jail Division Incident Report

---

I again tried to talk to Gonzales about the request. He continued to be belligerent and disrespectful. At that time I instructed all officers to return to the control booth. I exited the cell and retrieved a request form for Gonzales. I placed the request on his bunk and we secured the door to holding cell #4.

Once back in the control booth, Gonzales was on the inter-com and stated that he wanted it documented that he did not get any toilet paper. I immediately went to booking and issued him two rolls of toilet paper. Gonzales then stated that there was something wrong with his sheets and demanded new ones. I pointed to the request form and again informed Gonzales that he needed to submit the proper request for the items that he need.

I have nothing further to report at this time.

Photographs were taken of the contraband found in Gonzales's possession and will be forwarded with this report. The video recording will also be forwarded.

On Friday, March 4<sup>th</sup>, 2011 at approximately 2100 Deputy Cody McClard and I reported to the Rec yard to watch Old Dorm's activities. We had prior knowledge of possible contraband being brought in by weekenders. One of the weekenders that we believed to be involved is Bertrell Bridges. Officer Aaron Floyd processed Bridges in earlier. Bridges was sent to the Old Dormitory. Bridges mentioned that he had "enemies" in Old Dorm and that he needed to be sent to F-pod. I asked Bridges who his enemies would be. Bridges responded that he did not know and he would just go to Old Dorm. Bridges seemed frustrated. It is my experience that this can sometimes be an indicator of possible hidden contraband. Often when a Weekender is bringing in contraband they already have a prior agreement with somebody in a pod. So it is important to the suspect that they end up in the correct pod.

Deputy McClard and I observed what we believed to be suspicious behavior in the Old Dorm after Bridges arrival. It was at this time we reported to the Recreation yard for a better view. Deputy Kimberley Lay and Officer Jeremy Miller observed from the control booth via camera. McClard and I were able to see the Old Dorm inmates through the windows. After approximately thirty minutes of observation we confirmed that some of the inmates were smoking. I noticed inmates identified as Michael Stearns and Sean Magee smoking. At this time it appeared that Stearns and some of the inmates might have spotted us.

At this time McClard and I quickly entered Old Dorm. We separated inmates Brandon Jeffers, Sean Magee, Michael Stearns and Bertrell Bridges. I quickly began a search on bunk 1-10 located on the back wall to the left. I quickly seized a one orange bic lighter. Due to this I directed the remaining inmates left in Old Dorm to exit. Bridges, Stearns, Magee and Jeffers remained in the sally port. The rest of the inmates stayed in the common area. Officer Floyd kept a visual on the inmates. Officer McClard and I began our search on the Old Dorm. During our search we conducted individual interviews on Magee, Jeffers, Bridges and Stearns.

Through our search and interviews we were able to seize the following:

1 Orange Bic Lighter

On April 11, 2011 at approximately 1425 a female inmate in A2 pressed the intercom and told me that she had some information for me. The inmate I am referring to is

**Poole, Christina L.**  
**W/F DOB: 04-20-1984**  
**SS#: 497-88-7227**

Poole informed me that a female inmate in A1 had a bottle of nail polish in a tampon box in her cell. The inmate I am referring to is:

**Knox, Ashunda P.**  
**B/F DOB: 03-02-1986**  
**SS#: 336-76-6019**

At approximately 1435 I called over the intercom in A1-202 and told Knox to bring the nail polish in the tampon box out and set it in the moat area. She complied with no issue. Upon returning to her cell I exited the booth to the moat area to retrieve the tampon box, inside I found a bottle of finger nail polish wrapped inside a sock. The polish was maroon in color and approximately 3 inches in length. When looking through the rest of the contents of the box I also found 1 blue highlighter approximately 5 ½ inches in length and a green highlighter approximately 5 inches in length. Pictures were taken of the contraband and will be forwarded with this report. I have nothing further to report at this time.

On May 2, 2011 at approx 0930 I brought a female inmate into booking who is in our facility to serve weekends. The Inmate I am referring to is

**Shelley, Reyna Nicole**  
**W/F**  
**DOB: 01-28-1977**  
**SSN: 311-98-1055**

I took Inmate Shelley into the med exam room located in our booking area to have her dress out into our county issued uniform. Inmate Shelley was very lethargic and kept repeating, "I'm sorry I took Tylenol PM and I'm just really tired." When she was undressed and in her bra and underwear I noticed that tucked into her underwear was a black bic lighter which I removed. When she lifted her bra I noticed a small plastic baggy sticking to her skin. I took the bag from her and asked what it was to which she replied "Oh that's Tylenol it's just Tylenol." Inside the baggy was 5 Tylenol PM tablets which she was trying to conceal and sneak into our facility. Inmate Shelley then put on her county issued uniform and exited the booking area. I placed the found contraband along with this report on Lt. Brockmire's desk in the jail control booth area. I have nothing further to report at this time.

On Saturday, July 9<sup>th</sup>, 2011 I (Deputy Matt Kight S62) spoke with inmate Duncan Hahs. Hahs was currently being housed in holding cell four for protective custody. After speaking with Hahs I determined he was upset with his current housing status. Hahs told me that he felt he was being punished instead of those that should be punished. I asked, Hahs to elaborate on his statement. The following identifies Duncan Hahs:

Duncan Tyler Hahs  
DOB: 01/01/1988  
SSN: 495-96-8144  
W/M

Hahs informed me that he knew the whereabouts of lighters and a homemade tattoo gun. I asked, Hahs what he was looking to gain with this information. He told me he really just didn't think it was fair and that he would like to be moved to B-pod. Hahs stated that inmate Kevin Campbell was in possession of 1 BIC lighter located by his bunk in a milk carton. He also stated that cell 203 in C-pod was in possession of a "light" and a tattoo gun. Hahs did not know what the "light" actually was. Approximately an hour later I spoke with Hahs again. Hahs stated that he would bet that jail staff didn't know that a previous altercation was staged. (See report I0711-045.292.A) Hahs also stated that Cell 204 in C-pod was in possession of "Hooch". Hooch is a slang term commonly associated with homemade alcohol. At this time I decided to investigate the accusations.

At 6:54 P.M. Officer Zach Snyder and myself made contact with inmate Kevin Campbell. I told Campbell I knew he had a lighter. I asked Campbell if he would like to cooperate and turnover the lighter to me. Campbell agreed. Campbell returned to his bunk and retrieved 1 white in color BIC lighter. Campbell returned to his pod.

At approximately 10:11 P.M. Officer Josh Beard and myself spoke with inmate Justin Hart. Hart was the inmate Hahs accused of being in possession of a light and tattoo gun. Being that my information was Hart already had tattooed himself, I asked to check his ankles and legs. Located on Hart's right leg was what appeared to be an Eagle. Hart also showed me two names located on his left foot that appeared to be just tattooed. Hart told me he was using triple antibiotic cream to keep the tattoos moist. Hart stated he used a concoction of melted chess pieces, soap and toothpaste. Hart also stated that he was in possession of the tattoo gun. Hart denied having a "light".

The following identifies Justin Hart:

Justin Lee Hart  
DOB: 05/23/1987

At approximately 10:21 P.M. I spoke with inmate Brandon Moss. Moss was currently Hart's cellmate. I told Moss that I was already aware of the tattoo gun and the "light". Moss agreed that these items were located in his cell. Moss also showed me his arm that had new tattoo on it. Moss stated that Hart gave him the tattoo. Moss offered to show me the location of the items in order to cooperate. Moss, Officer Beard and myself entered Cell 203 in C-pod. Moss handed me a homemade tattoo gun and a piece of paper containing four matches and what appeared to be the remains of tobacco. The tattoo gun consisted jail issued toothbrush wrapped in deodorant stickers containing a staple that appeared to be melted into the toothbrush. The tattoo gun was covered in black ink like substance. Also included was a toothpaste cap containing the ink concoction. Given Moss and Hart's cooperation they were allowed to return to their cell.

The following identifies Brandon Moss:

At approximately 11:20 P.M. Officer Tyler Stephens and myself entered C-pod cell 204 occupied by inmate Jeffrey Casey in search of "Hooch". I seized one large container that probably contained hooch. The large container is not an approved item. It is usually used for isolated inmates for juice and water. The top of the container had plastic wrap, which could be used to store the fermenting hooch. I could smell an odor that is commonly associated with alcohol type beverages coming from the container. Inmate Jeffrey Casey was permitted to return to his cell being that the container was empty.

On Tuesday September 6, 2011, Deputy Bromley and I were conducting 0100 inmate headcount. Upon entering D block, Deputy Bromley notified me that he detected the odor of an unknown burnt substance, emanating from one of the cells on the top tier of the block.

Upon further inspection, it was determined that the odor was coming from cell #202. I then radioed to the control booth to have the cell door opened. Once the door was opened, it was apparent that something had been burnt in the cell.

Deputy Bromley and I conducted a quick search of the cell. I located a purple in color "ace" brand lighter, in the desk of inmate Darien Boyd.

Boyd stated that the lighter was his and his cellmate did not have anything to do with it. Boyd was then placed in hand restraints by Deputy Bromley and escorted to holding cell #1. While being escorting inmate Boyd to the booking area, he stated that he was smoking dried out orange peels.

I have nothing further to report at this time.

On Saturday, October 1<sup>st</sup>, 2011 at approximately 4:00 A.M., I was conducting a booking process on 1 male hispanic inmate identified as:

**Ixba, Santiago Pucheta**  
**H/M DOB: 07/25/91**

During the course of the booking process I had to conduct a search of Ixba. Ixba was instructed to enter the medical exam room. There I instructed Ixba to take all his clothing articles except for his underwear and place them on the exam table. I then instructed Ixba to go behind the shower curtain and place his underwear underneath the shower curtain. I then handed Ixba his jail uniform. While Ixba was getting dressed, I conducted a search of his personal clothes. While checking his jeans, in the back pocket was a wallet. Inside the wallet I located a little white plastic bag. The white plastic bag I noticed had some type of substance inside.

I then secured Ixba into holding cell-1 and took the plastic bag inside the dispatch area where I saw Deputy Justin Glastetter. I then showed Deputy Glastetter my finding. While further inspecting his wallet, I came across another little white plastic bag. It to was handed over to Deputy Glastetter. When Deputy Glastetter opened up the bag it contained a white powder substance. Deputy Glastetter then took the substance to the patrol office to be field tested and placed into evidence. I was later informed that the substance tested positive for cocaine.

On Sunday October 30, 2011, I was monitoring the jail housing area. While walking around the jail control center, I smelled an odor commonly associated with the use of marijuana, coming into the control booth pass through window.

I then instructed Corrections Officer Snyder to let me into the moat hallway to further investigate this odor. Corrections Officer Miller and I then conducted a walk through of the moat hallway.

While in the hallway, I noticed that there was a strong odor emanating from E pod. I then instructed Officer Snyder to open in pod. Officer Miller and I entered E pod and immediately noticed that the smell of marijuana was coming from the top housing area of the pod. While walking on the top tier, the smell of marijuana was strongest in cell 203. At this time, Deputy Kight responded to E pod to assist.

The inmates in cell 203 were taken out of the cell, and escorted out of the pod. The inmates can be identified as follows:

Glass, Cordero Marcell  
DOB: 04-21-1992  
SSN: 432-81-8519  
B/M

And,

London, Donald William  
DOB: 09-29-1961  
SSN: 265-63-6295

I then escorted Glass to the visitation area, and asked him if he knew why I was there. He stated that he knew that there were several people in the pod that were smoking marijuana. I asked him if he knew where the marijuana came from and he stated that the "guy who came in on Friday brought it in". He stated that he did not know the persons name, but did state that he knew him as "St. Louis", and that he had "dreadlocks". He also explained that an unnamed individual was acting as if he was shaving in the mirrored

glass in the common area to serve as a lookout, while another person used the extension cord to ignite a piece of paper, causing it to burn and using it to light the marijuana, also known as a "wick."

Upon further investigation, it was determined that an inmate was booked in on Friday that matched this description. This inmate also showed an address out of St. Louis, Mo. The inmate can be identified as follows:

Crenshaw, Ryan Dementral  
DOB: 04-08-1990  
SSN: 488-04-8665  
M/B

Crenshaw was removed from cell 207 and escorted to holding cell 1. I then informed Crenshaw of his rights per the Miranda decision. Crenshaw stated that he understood his rights as they were explained to him. I then asked him about the marijuana. He stated that he did not know anything about it, and he was not going to be a "snitch."

I then asked Crenshaw if he was on probation and he stated that he was. I asked him to submit a urine sample to test for the use of marijuana. He stated that he would submit to the test.

Deputy Kight and I then entered the Medical Exam room. Crenshaw was instructed to give a sample of his urine. Approximately two minutes passed, and Crenshaw stated, "fuck it, im not doing this shit." I then asked for Crenshaw to return the specimen cup to me.

Crenshaw became belligerent and uncooperative. I instructed Crenshaw to calm down and again directed him to return the specimen cup. Crenshaw took approximately two to three steps backwards, and then threw the sample cup at me. He then turned and in an aggressive manner, began stepping towards deputy Kight.

Deputy Kight and I then attempted to restrain Crenshaw, and he resisted our efforts. Kight and I then assisted Crenshaw to the ground and attempted to place him into hand restraints. Corrections Officer Miller also responded to the incident and attempted to assist in placing restraints on Crenshaw.

Once Crenshaw was secured into hand restraints, he was placed into holding cell 1. Approximately ten minutes later, Deputy Kight, Officer Miller, and I removed the restraints from Crenshaw.

All officers exited the cell without further incident. I have nothing further to report at this time.

On Sunday, December 25<sup>th</sup>, 2011 at approximately 2250 Officer John Simmons, Officer Ross Fleming and I (Deputy Matt Kight) entered the dormitory located in the old jail for cell searches. All inmates that were currently assigned beds in the dormitory were placed in the common area during cell searches. Officer Fleming remained with the inmates in the common area. At that time Officer Simmons and I searched the dormitory.

During our search we seized extra clothing and one BIC lighter. The lighter was located in the common area beside the TV. The extra clothing was given to the laundry room to be washed and returned to booking. At that time Simmons, Fleming and I returned to the control booth.

Upon further discussion among jail staff we decided to search south block also located in the old jail. The jail's trustees are assigned bunks in this pod. All of the trustees were directed to exit the pod and report to the common area. I made noticed inmate Michael Hilderbrand make eye contact with me multiple times. Hilderbrand appeared to be taking his time and or waiting for me to temporally walk away from his view. In my experience I know that this may mean Hilderbrand was attempting to hide contraband. The following identifies inmate Michael Hilderbrand:

Michael Bryan Hilderbrand  
SSN: 339-84-7562  
DOB: 07/08/1990  
W/M

Before conducting cell searches I spoke with all the trustees in regards to any possible contraband. I asked all the trustees if anybody wanted to step forward with possible contraband in their cell. I warned that if anybody had contraband in their possession and did not step forward they could face charges. Officer Fleming remained with the trustees. Deputy Jesse Houseman, Officer Simmons and I began to search Hilderbrand's cell, cell five. Hilderbrand was this cell's only occupant. Hilderbrand's cell had a smokey like odor. At this time I returned to the trustees in the common area. It was to my knowledge that Officer Simmons already located one BIC lighter in the shower room lighting fixture.

I again asked the trustees if they wanted to confess to any contraband. I then specifically asked Hilderbrand the same. Hilderbrand told me he might have some tea from the kitchen and a marker. I returned to South block to further conduct our search.

After further searching of South block I decided to return to the trustees. At this time I individually stripped searched all south block occupants in the shower located in North Block. I also spoke to everybody individually. I again asked Hilderbrand if he had anything to show us in his cell. He replied no. Inmate Rodney Glover said that he would show us where there was a lighter located. Glover led us to the lighting fixture where we previously located the BIC lighter. I explained to Glover we had located this item already. The following identifies inmate Glover:

Rodney Lee Glover Jr.

SSN: 493-98-8718

DOB: 12/07/1988

W/M

We then spoke to inmate Brandon Dean in south block. Dean showed us where he was keeping some tea wrapped like tobacco. Dean explained that he had attempted to smoke this tea. At this time Officer Simmons checked Hilderbrand's cell again using the same location Dean was using. That is when Simmons located scissors underneath the toilet buried into the floor. These scissors are commonly associated with medical scissors often used to remove sutras. These scissors are typically located in a small packet's in the medical exam room. These packets are in cabinets that can only be accessible by jail staff with a key. The Following identifies inmate Dean:

Brandon Eagleston Dean

SSN: 497-02-0575

DOB: 01/23/1990

W/M

I returned to the common area to speak with the group of trustees again. Hilderbrand again denied being in possession of any contraband other then a marker and possibly tea. I then placed Hilderbrand in hand restraints and escorting him to holding cell two.

On Thursday December 29<sup>th</sup> 2011 at 8 P.M., I, Deputy C. McClard, received a Phone call from Correction officer Held who was in the booking area stating she was in need of my assistance.

Once in booking, I was informed by CO Held that while conducting a search of an inmate in our custody an item had fallen from her rectum. The inmate was later identified as Sandra C. Williamson.

The item was a Motorola cellular phone dark grey in color, inside a green and silver case.

CO Held then informed me that she had taken Williamson to the medical exam room to be searched and, once inside the exam room, she explained to Williamson that she was going to be searched. She stated from that point Williamson became extremely nervous and stated that she was about to have a panic attack. Once CO Held began to have Williamson go through the strip-searching process, she had a calm demeanor until she was asked to turn around, squat down, spread her butt-cheeks, and cough three hard times. After given these instructions, Williamson informed CO Held that she just had gallbladder surgery and could not fully squat down. Co Held then told Williamson to squat down as far as she could and cough three times. Williamson slightly squatted and coughed gently one time and then quickly turned around. CO Held told Williamson that it was not satisfactory and to try again giving three hard coughs. Williamson turned around again, squatted approximately the same amount as before, and began to cough. On the second cough, the cell phone fell to the floor from her rectum where the back of her case then broke apart. Williamson then stated, "Well, that's my cell phone!" CO Held then put on a latex glove and picked the cell phone up off the floor. After Williamson dressed out in her orange uniform, CO Held then called me for assistance.

Upon every entrance into the booking area there are signs posted at the doors stating that weapons, drugs, and contraband is not allowed into the jail and it should be given to an officer immediately.

The call phone was later placed into evidence.

On Friday, January 13<sup>th</sup>, 2012 at approximately 9:30 A.M. I went to the jail booking area of the Cape Girardeau County Sheriff Department to accept a male inmate that was remanded into the custody of Baliff Bradley Phillips from Division IV at the Cape Girardeau County Courthouse. The male subject was identified as Chad Pack. Pack is fully identified as:

**Pack, Chad Shea**  
**W/M DOB: 11/07/88**  
**SSN# 329-84-1158**

After accepting Pack from Baliff Phillips, I began the booking process on Pack. One of the booking procedures is to conduct a search of Pack person and place him in a jail issued uniform.

I instructed Pack to enter the medical exam room. The medical exam room is located in the jail booking area and where the search will be conducted. Once in the medical exam room, I instructed Pack to place all of his clothing articles on the medical exam room bed. Pack placed all his clothing articles on the examination bed. After conducting a search of Pack person, I conducted a search of Pack clothing. I picked up one sock and felt an object concealed in the sock. I took the sock and turned it inside out. Concealed inside the sock was a zip lock bag. Inside the zip lock bag was a brown in color leafy substance. This substance is commonly known as tobacco.

Pack stated to me, "it was worth a shot." "I knew that I was caught when you instructed me to take my socks off."

On Friday, January 27<sup>th</sup>, 2011 I received information from Sergeant Erik Koehler (DSN-277) that inmates Robert Simmons (SSN: 329-68-5205, DOB: 08/23/1979) and Demarcus Jones (SSN: 493-98-3544, DOB: 08/23/1988) may be in possession of a lighter. Koehler informed me that it is likely that Simmons and Jones would be passing the lighter between the two of them. Koehler asked that we wait until the doors open for lockdown because that was when supposedly they would smoke dried up oranges.

At approximately 9:33 P.M. Officer Stetson Proffer (DSN-335) and I (Deputy Matthew Kight, DSN-292) overheard Simmons and Jones in E-204. I recognized Simmons voice and overheard him say, "Puff that shit". With my earlier information I believed this to be reason enough to enter cell E-204.

Officer Proffer and I entered E-pod. Upon entering cell 204 I noticed Simmons walking out of the cell. I instructed Simmons to return to the cell. Inmates Jones, Simmons and David Lester (SSN: 499-04-2573, DOB: 03/10/1991) were in the cell. The cell had a smell commonly associated with burning paper and oranges. I asked Jones, Simmons and Lester what they were smoking. Jones responded oranges. Simmons took one orange BIC lighter out of his shirt pocket and handed it to me. Proffer and I visually inspected cell 204 and did not see any further contraband.

In total we confiscated 1 bag full of dried up orange peels and one orange BIC lighter. Demarcus Jones was moved to C-pod to separate the group. I believe at the time only Simmons and Jones were smoking.

On November 5, 2012 at approximately 1400 Deputy Dace and I escorted inmates Carrie Bell, Sara Cooper, Alisha Gills, Tyrone Deberry, Jones Finley, Daniel Harmon, Edward Parker, Devin Smith, Travis Martin, Christina Steffens, and Elizabeth Wilson to Cape Girardeau County Court House, 100 Court St. Jackson, MO 63755. Once we had arrived court continued as scheduled. We then had left Cape Girardeau County Court House at approximately 1500. As Deputy Dace and I escorted the inmates back, inmate Christina Steffens told me that Mary Dresseler was stealing her ibuprofen and that she was tired of it. Christina Steffens and Elizabeth Wilson had then told me they needed to tell me that Mary Dresseler in Pod A2 has a cell phone. They then proceeded to tell me that she told them that if any of the officers found out she had the cell phone that she was going to try and shove the cell phone in her genitalia.

Once we reached the Sheriff's Office Deputy Dace proceeded to walk all inmates up to the Jail through the Old Jail. Once I entered the jail area I proceeded to tell Lieutenant Todd Stevens and Deputy Tina Henderson what inmate Christina Steffens and Elizabeth Wilson had told me on our way back from court. After I had told them, Lieutenant Stevens, Deputy Henderson, and I then went to Pod A2.

Mary Dresseler's bunk was on the floor under the stairs and she was lying on her mat. I then had asked her to get up and to come up with me to the booking area. As Mary Dresseler and I was walking to the entrance of the Pod Lieutenant Stevens then had said that he had found what we were looking for. Lieutenant Stevens then had showed me a black and silver cell phone. After that Mary Dresseler, Lieutenant Stevens, Deputy Henderson, and I then exited the Pod A2.

I then had escorted Mary Dresseler to the booking area where we had gone to the Medical Exam room. Once we got inside I then searched Mary Dresseler, nothing else was found.

Mary Dresseler was then escorted to Holding 1. This is all the information I have at this time. This case is still open.

Attempt to Deposit/Deliver/Conceal in or about the Premises of a County Jail an Alkaloid of any kind 221.111 3336599.1 4199 Class D Felony

---

On Monday, January 30<sup>th</sup>, 2012, around 4:00 P.M., I was escorting a chain gang of 8 male inmates back to the jail from Div III court. The chain gang was walking down hill on the sidewalk to the west side of North High St., outside the Public Defender's Office on the back side of the jail. The inmate located on the chain gang on the very front, on the right side was identified as:

Norris, Adam (Robert) Christian, (O Dog)

B/M 10-10-70 344-68-4948

36 N. Henderson, Cape

When the chain gang reached an area outside the front door to the Public Defender's Office, Norris stopped walking, dove across to his left, pulling the inmate beside him and all the subsequent inmates behind him to the left. Norris reached all the way down to the ground into the grass pulling the other inmates with him. Norris picked something up into his hands and stood back up and continued walking. I was to the rear of the chain gang and immediately ran up to Norris who had his hands together clinched tight. I forced his hands open with my hands to remove what Norris had picked up. I found two partially burnt down cigarettes in his hands. I took these items into evidence and placed them in my pocket.

I advised Norris that he had just committed a felony and that I would seek charges against him for attempted delivery of an alkaloid to a county jail. I advised Norris that I had observed him do it, and so had the other 7 other inmates on the chain gang, and that the incident was most likely caught on camera. I reviewed the camera in question with Captain Mulcahy, but unfortunately the incident occurred after we had left the camera frame. All that was caught on camera was all of us walking from the courthouse right up to the location of the incident. I took the cigarette butts containing the alkaloid of nicotine to Captain Mulcahy's office where they were secured in an evidence bag and secured into his filing cabinet in his locked office.

I am referring charges to the Prosecuting Attorney's Office for Attempt to Deliver, Conceal, Deposit, Possess in or about the premises of a county jail, any other Alkaloid of any kind, Class D Felony. 221.111 3336599.1

On Wednesday, February 08, 2012 at approximately 8:05 P.M. I made contact with inmate Terry Sanders (SSN: 433-47-8915, DOB: 12/02/1972). Sanders informed me he knew the whereabouts of at least a lighter. Sanders informed me that this information came from F-pod. It is believed that his source was inmate Rodney Glover (SSN: 493-98-8718, DOB: 12/07/1988). Sanders informed me that the lighter should be located underneath the sliding door of the Old Dormitory. Commonly we house sentenced inmates here.

Upon checking this location I seized one green in color BIC lighter. It was placed in one empty pack of cigarettes. Currently the Old Dorm is not housing any inmates. Due to this I am uncertain of the origins or who may have had the contraband in their possession. Previously our trustees cleaned the old dorm. Due to my prior search no further search was conducted after recovering the BIC lighter.

On Wednesday February 8<sup>th</sup>, 2012, I received a hand written letter from inmate Rodney Glover. In the letter, Glover stated that he knew the whereabouts of a lighter located in the South Block area.

Lieutenant Stevens and I called Glover to the moat area and spoke with him. We asked Glover where the lighter was located. He stated that it was located in the right hand shower, inside of the light fixture.

Corrections Officer C. Simmons and I responded to the South Block area to conduct a search for contraband. I entered the shower area, and noticed that the light had appeared to be tampered with.

I pushed the light upwards and immediately noticed a small "bic" brand lighter. I confiscated the lighter and returned to the control booth.

Today at approximately 1830, Cape City brought in two male individuals to process. C26 Fleming patted down both individuals before placing them in holding two to await processing. As one C26 Fleming was patting down one of the individuals, C26 Fleming noticed that he was acting nervous. Fleming then asked the individual if he would clear his pockets. The individual claimed that nothing was on him or in his pockets. Fleming then patted down the individual and produced an empty packet of cigarettes from his right front pocket. Fleming then placed the empty cigarette container in the safe behind the booking desk.

The individual was identified as:

Wadlow, Brandon Clyde  
W/M  
12/26/1977  
490-88-4097

At this point, Wadlow was placed in Holding Two for talking to other inmates in holding instead of listening to the booking officer. C28 Koeppel and myself stayed in booking and processed two other inmates before deciding to take a short break. As I was finishing the booking process on another inmate, C28 Koeppel left the booking area. As I directed the processed inmate to the hallway, I began to head toward the sally port door next to the dispatch entrance.

I almost made it to the sally port door when C26 Fleming called my name over the intercom in the med exam room. He told me that he suspected Wadlow still had something on him, and asked if I would search him before coming back to the booth.

At this point, I grabbed a state uniform and headed to Holding Two. I called Wadlow over to Med Exam where I strip-searched him under the suspicion of contraband.

I noticed that he possessed a rectangular shaped object in his right sock. I asked him "what was in it?" Wadlow replied, "Awe shit, it's a lighter I had in Cape City" I then asked Wadlow to hand me the sock; to which he complied. I then asked him to take his other sock off and hand it to me; Wadlow complied. I turned the sock inside out to discover numerous particles of a dark brown, dry leafy substance with a pungent odor similar to that of tobacco found in cigarettes. The sock appeared to be yellowed from the leafy substance. I then proceeded with the search by asking Wadlow to show me his feet.

Cape Girardeau County Sheriff's Office  
Jail Division Incident Report

---

Wadlow showed me his feet, both of which had similar dry leafy particles and a black ashy substance similar to that of cigarette ashes from a crushed cigarette. After that, I asked that Wadlow perform the squat and cough so I could further my search of his person. As Wadlow began to squat, I noticed a piece of green paper sticking out from between his buttocks. I ordered Wadlow to pull the paper out. As he pulled it out, He unfolded the green piece of paper that turned out to be a \$20.00 bill of U.S. currency.

Wadlow then handed me the \$20.00 bill. With a gloved hand, I confiscated the money, both socks containing the dry leafy substance and the lighter. I then asked Wadlow to again perform the squat and cough to ensure that nothing else was in his rectal area. As he did, I noticed a blue color on his rectum, which appeared as though something else was in further where I couldn't see.

At this point, I gave Wadlow the uniform to dress out in. I then placed him back in Holding Two and turned off the water in the cell to ensure he doesn't flush any other contraband down the toilet.

I have nothing further to report.

On Thursday, February 9<sup>th</sup>, 2012 I was advised during the shift change pass down that an inmate assigned to holding cell-2 was being "dry celled." This inmate is identified as Brandon Wadlow.

**Wadlow, Brandon Clyde**  
**W/M DOB: 12/26/77**  
**SSN# 490-88-4097**

The reason for the dry cell was he attempted to smuggle in tobacco into the jail facility by way of concealing it in his socks and a twenty-dollar bill was found in the rectum area of Wadlow during a strip search.

Captain Mulcahy ordered the "dry cell", dry cell meaning no water to either the sink or toilet, checking the toilet regularly.

At approximately 2:45 A.M., I instructed Correctional Officer Jeremy Miller to inspect holding cell-2 toilet. CO Miller advised me that there was something in the toilet. I advised by CO Miller and Correctional Officer Stetson Proffer to report back to the control booth.

At approximately 3:20 A.M., CO Proffer and Myself reported to holding cell-2. CO Proffer went through the toilet. CO Proffer then pointed out to myself an object inside the toilet. I pulled the object out of the toilet and it appeared to me to be a busted balloon, blue in color. All I could see inside the balloon was wet toilet paper with feces in it. I immediately took Wadlow in the medical exam room to be searched. Nothing else was found during the strip-search. CO Proffer and myself also located two cigarette butts inside the holding cell. I continued to look inside the toilet and found another busted balloon, blue in color. Also inside that busted balloon was wet toilet paper with feces in it. The entire cell was searched.

I questioned Wadlow about my findings of the two-busted balloons by a medical aspect. I asked him if he ingested a balloon with any type of controlled substance in it. Wadlow said he didn't.

Wadlow was then placed back into his cell.

The two pieces of busted balloons and cigarette butts were sealed in a evidence bag and placed in the nurses refrigerator until instructed by supervisor to tell me what the next course of action was.

Captain Mulcahy was notified of my findings.

On Friday April 20, 2012, Corrections Officer Wiseman and I were instructed to conduct cell searches in cellblock C. All inmates were instructed to lockdown. During our passdown prior to the beginning of our shift, we were advised that midnight shift received a tip that there was possibly homemade alcohol located in cell C102.

Upon entering cellblock C, Corrections Officer Wiseman and I proceeded to Cell C102 and instructed two inmates to exit the cell. The inmates can be identified as follows:

HINKLIN, Mark Allen  
DOB: 05-19-1974  
SSN: 496-78-7243

And,

MIXON, Ricky Nmn Jr.  
DOB: 09-03-1984  
SSN: 486-90-9402

Federal Inmate

The inmates were instructed to be seated in the common area while the search was conducted. Mixon was instructed several times to stay seated while the search was being conducted.

I searched the cell while Corrections Officer Wiseman supervised the inmates in the common area. Upon searching the cell, I located a clear juice container under the bottom bunk in the cell. The container was wrapped in an orange jail issued uniform and tucked in the back corner. I removed the container from under the bunk and noticed that it contained fruit, from the meal trays served over the last few days, pieces of bread, and was topped with a piece of thin plastic.

Mixon and Hinklin were both placed in hand restraints and escorted to the booking area. Hinklin immediately stated that he had nothing to do with this, and that he was "facing

I then spoke with Mixon. He stated that he was innocent and stated that he didn't care if he was charged because he was a federal inmate and was facing bigger time. I informed Mixon that he would be moving to a different housing location and an information report would be forwarded to the US Marshals office.

---

On Sunday, April 29<sup>th</sup>, 2012 at approximately 1800, I was informed by Officer Stetson Proffer (DSN-C30) that he had information concerning contraband located in F-pod. I responded to booking. During inmate Michael Martin's (DOB: 12/31/1983, SSN: 360-82-7674) release he informed Officer Proffer and I (DSN-S62 Matt Kight) of possible marijuana and tobacco use.

Martin explained that the night prior a inmate named "Dre" and others were smoking what he believed to be Marijuana in between bunk's F 1-1 and F 1-2. He also said as late as 4:00 P.M. during church services the same group appeared to be smoking cigarettes. Martin was unsure of the contrabands origins citing possible work release. Martin described three inmates that we identified as Walter Combs (DOB: 01/28/1969, SSN: 492-72-5929), Otis Rutherford (DOB: 11/05/1986, SSN: 498-02-1111) and Thomas Kuehn (DOB: 03/20/1970, SSN: 495-76-8359).

Proffer and I reported to the jail booth to inform jail staff. Upon watching the area in question in F-pod I believed that the smoking was taking place at the current time in bunk F 1-1. Deputy Zachary Snyder (DSN-S56), Deputy Justin Bromley (DSN-S52), Officer Proffer and I responded to F-pod for cell searches. Snyder and I made contact with inmates Combs and Rutherford. Combs and Rutherford was sitting on bunk 1-1 behind the cover of a jail issued sheet. Combs and Rutherford had a lit Cigarette that Combs was placing down when we removed the sheet.

Inmates Combs, Kuehn, Rutherford, Jordan Weaver and Richard Geiger remained in the pod and were strip-searched. The rest of the inmates were placed into G and H hallway, which is located beside F-pod. Combs and Rutherford were temporarily placed into hand restraints. Once being removed from hand restraints Rutherford removed a lighter and three full cigarettes from his underwear. Later, Rutherford would confirm that he had been in possession of his blue bic lighter since his processing. Once the said inmates were searched we conducted a search of bunks 1-1 and 1-2. No other contraband was found.

Proffer and I had further discussion with Combs and Rutherford concerning the origins of the contraband. It was later determined that inmate Marcus Bryan (DOB: 05/18/1975, SSN: 450-65-9231) was suspected of bringing in the contraband. I made contact with Marcus Bryan. Bryan denied involvement at first. Later Bryan admitted to bringing the contraband into the facility. To Bryan's account he brought in at least 10 full cigarettes and 1 bic lighter. Bryan explained that the rest of the cigarettes had been flushed or

smoked. Bryan agreed to give me the lighter. Bryan did turn over 1 bic lighter after returning to F-pod.

Total seized contraband is as follows:

3 full Cigarettes  
2 Bic lighters  
1 Cigarette butt

Combs, was placed into B-pod. F-pod was placed on lockdown for the remainder of the evening.

On June 7<sup>th</sup>, 2012 at approximately 10:16 A.M. C23 Mirly and myself were processing in an inmate sentenced to 10 days shock. The inmate was identified in the booking process as:

Moore, Keilon Treva  
B/M  
DOB: 8/20/1992  
SSN: 497-08-4130

During the booking process, C23 Mirly and myself conducted a search of Moore's person for contraband before issuing him an orange Cape Girardeau County Uniform. While conducting the search, I instructed Moore to remove his socks and turn them inside out to ensure that no contraband was in them. I then observed Moore take his socks off, wad them up, and place them on top of the Cape Girardeau County Issue Uniform. I then instructed Moore to turn the socks inside out, as I had asked previously. Moore then picked up the socks, bent over, and began unraveling his socks. While observing him unravel his socks, I heard a noise that sounded like a small object hitting the ground. I looked over and observed an unknown white pill lying on the ground. At this point, I instructed Moore to place his hands behind his back. I then placed a glove on my hand, and retrieved the white pill. At this point, I instructed Mirly to keep an eye on him while I notified S14 Sgt. Koehler of what was found from the search.

After notifying the Sergeant, I returned to the jail control booth whereby I consulted the nurse about identifying the unknown white pill. The markings on the pill read WATSON 349. The nurse consulted her pill identification manual and determined that the pill was a Hydrocodone 5/500. After the pill was identified as a Hydrocodone 5/500, I advised S14 Sgt. Koehler that the pill was a controlled substance. At this point, S14 Sgt. Koehler notified S06 Captain Mulchay of the situation. The captain replied that we needed to dry cell Moore to ensure no other controlled substances were brought into the facility.

Upon hearing this, I grabbed a plumbing chase key and returned to booking. I cleared out Holding Cell 3 by sweeping out the cell, and then I searched the cell thoroughly to ensure no contraband was left behind. After that, I opened the plumbing chase door and closed the water valve to Holding Cell 3. This procedure is done to ensure that if contraband was missed during a search, an inmate will not be able to flush contraband down the toilet.

Once Holding Cell 3 was prepped, I then returned to Med Exam where C23 Mirly was still observing Moore. I seized the socks Moore was wearing as well as another pill that fell out of them as evidence. I placed the socks and pills in an evidence bag. I then secured the evidence bag and placed it behind the booking counter. After that, instructed Moore to stand up; I removed the restraints from his hands. As I was doing so, Moore stated that there was a 10-day supply of the pills in his socks. He stated he was bringing them in for his knee. After making these statements, I instructed Moore to dress out in the state issue uniform. After dressing out, I escorted Moore to Holding Cell 3 without further incident. I then secured Moore in Holding Cell 3 for observation to ensure no other contraband was missed.

I have nothing further to report at this time.

On Monday June 11, 2012, Corrections Officer Fleming and Corrections Officer Proffer were conducting tray pass. During the collection of the lunch trays, Fleming stated that he smelled smoke in D pod.

After trays were collected, Lt. Stevens, Corrections Officer Fleming, and I responded to D pod to conduct a search of D pod. I smelled smoke emanating from cell D-103. I then motioned for the control booth to open the cell. The inmates in this cell were identified as follows:

DURHAM, Zachary  
DOB: 05-09-1991  
SSN: 328-86-3347

And,

ROBERTS, Justin Lanier  
DOB: 03-23-1986  
SSN: 417-27-3861

The inmates were removed from the cell and strip searched. Corrections Officer Fleming and I then conducted a search of cell D-103.

I located a small "hole" in the wall, near the floor that was filled with paper. Upon removing the paper, I noticed that there was a green in color lighter hidden. I removed the lighter and continued to search. No further contraband was located.

Today at 6:02 A.M. I (Deputy Justin Bromley S52) received a letter from inmate Willis Stiltner. The letter outlined that an inmate in bunk F 1-6 lower had tobacco and other contraband items concealed within his bunk area. Upon reading this letter, I decided to coordinate a search of bunk F 1-6 with officer Benjamin Juergens (C21), and Deputy Matt Kight (S62) at shift change. I searched the Jail ITI and discovered that the inmate residing in bunk F 1-6 was identified as Brendan Duke.

At 7:45 A.M., Deputy Kight, Officer Juergens, and myself entered the side door of F Pod. We proceeded to bunk 1-6. Deputy Kight advised Duke to stand up and place his hands behind his back. I handcuffed Duke and escorted him out the side door from F pod into the jail moat. At this point I escorted Duke to Med Exam. As we entered the booking area, I asked Duke if he had anything on him. Duke looked at me and said yes, "I have pain pills in my sock". I then escorted Duke to Med Exam where I conducted a strip search of his person. Duke handed me his sock that contained the contraband. I then continued the search of his person. Once the search was complete, I had Duke put his clothes back on, then I placed Duke in Holding Cell 1.

Upon returning to the booth, I opened the sock, and discovered several baggies. One bag contained loose brown leafy material with a pungent odor resembling tobacco. Another bag contained 11 blue colored pills with the word "Watson" inscribed on side of the pills. The other bag was filled with what appeared to be broken off matches, compartmentalized in 6 small wrappers and a striking surface to ignite the matches with.

I took the baggie of pills to the Jail Nurse (Olivia Pesina), who identified the pills as Hydrocodone 10/650 by using pill identification software. I took photographs of the contraband with the jail issue Kodak camera. I placed all the contraband recovered into Evidence.

Wednesday, November 7<sup>th</sup>, 2012 I received information from Deputy Justin Bromley (DSN: 273, S52) of possible contraband located in F-pod. Inmate Willis Stiltner (DOB: 09/24/1971, SSN: 355-58-6388) gave Deputy Bromley a note with said information. To our knowledge, the inmate possessing the contraband would be Brendan Duke (DOB: 07/08/1980, SSN: 499-86-1803). Willis detailed that Duke brought the contraband in through his rectum.

At approximately 0745 Officer Ben Juergens (DSN: 344, C21) Deputy Bromley and I (Deputy Matthew Kight, DSN: 292, S62) entered F-pod through the fire door to right of the main sliding door. I instructed inmate Stiltner to stand up and exit his bunk. Deputy Bromley placed him into hand restraints and escorted him to booking for a strip search of his person. I then instructed inmate Jeffery Pirtle (SSN: 493-86-0634, DOB: 08/31/1977) to stand up and exit the bunk area. I asked Pirtle if he was aware of any contraband located in the area. Pirtle responded no. Pirtle remained in the pod at the seating area. Officer Juergens and I conducted a search of both bunks 1-5 and 1-6. Underneath bunk 1-5 I located a cup, with one pouch commonly associated for tobacco use. Inmate Pirtle was the only person assigned to this bunk. The pouch is usually considered spit less tobacco or snus. It appeared to be used. I then placed inmate Pirtle into hand restraints and escorted him to booking. Officer Juergens remained to search.

Once in booking, I turned over inmate Pirtle to Deputy Bromley for a strip search of his person. Deputy Bromley informed me that he did locate an amount of contraband on inmate Duke's person. Inmate Pirtle claims he was unaware of the tobacco product. To my knowledge both Pirtle and Duke remain in booking per administration.

When asked about the pill inmate Davis claimed that he didn't know what it was but that it was "some kind of sleeping pill". As I continued searching the cell I noticed on the shelf, also belonging to inmate Davis, two blue pen caps with a small piece of plastic in between. I pulled the caps apart to reveal what appeared to be a section of a toothbrush that had been sharpened to a point. When questioned about the item, Inmate Davis said, " You know what that is. Im in here on some serious stuff. You can charge me for it if you want. Ive been here too long." Upon searching the cell I also noticed that all of the tar sealant had been removed from the inside frame of the window. After entering the jail booth I informed S57 Henderson of the situation. The items were placed in evidence bags and placed on Lt. Stevens Desk. I have nothing further to report.

During my search of the trustee's bathroom I located one cigarette in-between the toilet paper located by the toilet. It appeared to be rolled with toilet paper and filled with a substance commonly associated with smoking tobacco. At this time I do not have reason to believe it was any of one trustee in particular or of its origins. Officer Juergens and I did watch the kitchen workers that morning for any unusual behavior. Inmate Zach Jones (DOB: 03/07/1985, SSN: 490-94-4645) did appear to enter the area three times. Other than using the bathroom there should not be any other reason to enter this area. At one point while the kitchen matron was away, the kitchen workers did appear to have a brief conversation in the kitchen in regards to the cigarette. It appears they are under the belief that one of them stole it from each other.

On Monday May 20<sup>th</sup>, 2013 at approximately 12:05 A.M. Officer Tom Davis and Officer Josh Wiseman were conducting a shift change head count of the jail. As Officer Davis and Officer Wiseman finished head count in E pod, they advised the control booth that they smelled smoke in the pod. Upon hearing this, Officer Phillip Colyer, Officer Tony Baliva and myself (Deputy Justin Bromley) entered the jail moat and proceeded to E pod to investigate where the smoke was coming from. There was a heavy odor of smoke in the pod. Officer Colyer and I walked over to cell E 107. I noticed a strong odor of smoke coming from the crack of the door. I motioned for the control booth to open the cell. Once the door was open, I ordered the inmates in the cell to step out and sit at the tables.

Once the inmates were sitting at the table, I proceeded to search the cell while Officer Colyer watched the inmates. During the search, I located a red Bic lighter between a sheet and a mat on the top bunk. The inmate on the top bunk was identified as Paris Deshane Thomas.

After locating the lighter, I seized it as contraband and continued searching Thomas's property for more contraband. I located two white deodorant bottles with red caps on them on the shelf above the desk that Thomas was using to store his cell property. I shook them and noticed that they contained something hard by the rattling sound I heard. I seized the two deodorant bottles and finished my search of the cell.

Once out of the cell, I ordered Thomas to place his hands behind his back. I handcuffed Thomas and escorted him to Holding Cell 4 where I secured him without further incident. I then returned to the control booth where I proceeded to open the deodorant bottles to find out what the contents were.

I pried the roller ball out of one Deodorant bottle. I looked inside it and found that it was filled with numerous small balls of wrapped tobacco. I emptied the contents of the first deodorant bottle onto a piece of paper on the control booth desk. I found that the bottle contained 26 small balls of wrapped tobacco, and 7 small balls of rolling papers.

I then pried the roller ball out of the second deodorant bottle; I observed that it was filled with numerous small balls similar to the ones in the first bottle. I emptied the contents of the bottle onto a separate sheet of paper. The second bottle contained 34 small balls of wrapped tobacco.

At this point, I then took photographs to document the contraband. While I was documenting the contraband, Deputy Zach Snyder called to inform Captain Mulcahy that we had found a large amount of tobacco and a lighter in cell E 107. After that, Deputy Aaron Harris was advised of the situation. Deputy Harris responded to the jail to assist in the logging evidence and to begin a chain of custody. Once that was complete, Deputy Harris took custody of the evidence.

While conducting the search of inmate Priscilla Bowen before entering main block area I instructed Bowen to show me the following: bottoms of her feet, palms, behind her ears, stick out her tongue, lift her breast, and lift her abdomen. While lifting her abdomen there was a small white area in the middle I could see where she had not lifted yet. After seeing the white spot I instructed to her to hand me what ever it was. Bowen then grabbed the object from underneath her abdomen and handed it to me, it contained numerous blue pills labeled as Advil PM also with a clear crystal substance wrapped in clear baggy and taped with white tape. I then advised Bowen she could be charged with bringing those into the jail facility, she stated they were just to help her sleep. She was then advised to start her shower process. I then advised S56 Christopher Seib to get gloves and to come retrieve the substance from me. The substance was placed into a plastic evidence bag and contacted the on call supervisor Lt. On Friday December 20<sup>th</sup>, 2013 I, Corrections Officer Cheney was processing in a new inmate identified as Zachariah Sutton. After completing the booking process with Sutton, I then escorted him to the med exam room to search his person for possible contraband and to dress him out in state issue uniform.

During the search process, Sutton asked me if he would be able to keep his white socks that he was wearing. I stated that it would be okay, only after I searched them to ensure there was no contraband in them. Sutton removed his right sock and handed it to me. I then searched the sock and found nothing. Sutton proceeded to remove the rest of his clothing. At that point, I asked him to remove his other sock. Sutton did so and handed it to me. Inside I found a lighter and approximately half a pack of cigarettes. I informed Sutton that the items were contraband and that they would be confiscated. Sutton complained stating "we were always taking his tobacco"

At this point I continued my search by instructing Sutton to face me and lift his arms so that I could check to see if he had anything taped underneath his arms. I then instructed Sutton to turn around with his back to me and squat and cough. When he did so, I observed no other contraband. After that, I instructed him to shower. After Sutton showered, he began to exit. At this point I heard a clanking noise as if something hard and small hit the floor. I looked down at the floor and observed a cell phone lying on the floor by Sutton. I confronted Sutton about the cell phone; Sutton then asked if I wanted that as well. I told him that I did need the phone; Sutton then picked up the phone and began pushing buttons on the phone as if he was trying to send a message. I ordered Sutton to give me the phone but he continued to ignore me. I ordered him again to give me the phone and he stated, "I'm turning it off". Sutton then gave me the phone. After retrieving the phone, Sutton began saying " your new, you can't do nothing, you don't even have a taser" I then ordered Sutton to get dressed out. He complied without further incident.

Once dressed out, I placed the cigarettes and lighter in the safe. I then placed his phone in with the rest of his property.

To ensure he had no further contraband, Sutton was placed in ISO.

I have nothing further to report.

On Saturday July 26<sup>th</sup>, 2014 at approximately 0003. Deputy Meyer and I(Deputy Bromley) were heading down to south block to turn the water on so inmate Angela Thornton could flush the toilet before have the water shut back off. As We stepped inside from the Rec Yard, we noticed the pungent smell of tobacco being burnt. We traced the smell to the old dorm.

As we entered the dorm, the smell became stronger. I informed the inmates that the contraband needed to be brought out and handed over, or the cells would be searched. Deputy Meyer went around the cells trying to narrow down the inmates responsible, but could not. No inmates came forward with any contraband. After that, I called the control booth and requested more officers and some gloves to begin cell searches.

Officers Baliva. Eldridge and Cheney , who were finishing up a shift change block walk, responded to the Old Dorm to assist in the search for the contraband. Once there, all the inmates in the dorm were strip searched one at a time by me then sat down in the common area by Officer Eldridge while officers Baliva Cheney and Meyer searched bunks and cell property for contraband. As the inmates were being strip searched, Officer Cheney discovered a lighter hidden underneath a mat on bunk 1-2 upper. Inmate Kristopher Blair immediately begin shouting out, "you got to be serious, you hid that underneath my mat" "I ain't going down for this"! I informed Blair to put his hands behind back. I cuffed Blair without further incident and escorted him up to holding two. As I was uncuffing Blair, he stated "I will tell you everything, the whole play by play, I don't even smoke. I won't go down for their bullshit!" I told Blair we would talk soon. I then secured Blair in holding two then went back to the old dorm to continue searching. At this point all but five inmates had been searched. Deputy Meyer, and Officer Baliva were finishing up the cell searches.

After the inmates were searched, we took the contraband out of the dorm, then secured the inmates back in. no tobacco was located, just a small green bic lighter. After speaking with Blair, he wrote a voluntary statement as to who brought in the tobacco and lighter, and how it was brought in.

I secured the object, placed Steven Clark into holding, and immediately took the object to my supervisor, Sgt. Kim Gaulding.

I returned to the booking area at Approximately 2200. I asked Steven Clark to exit the Holding cell and I read his Miranda Rights to him. I asked Clark what the pills were, he said that he did not know and that he picked them up after someone dropped them. There were 25 pills unmarked pills white in color and 6 chips white in color. On March 30, 2014 at approximately 2110 I was in the booking area going through the property of a female inmate that Cape Girardeau City Police Department brought to our facility who was being held for safe keeping for multiple counties. The inmate I am referring to is:

**Trainor, Lisa Gayle**  
**W/F**  
**DOB: 03/13/1964**  
**SS# 499-80-2733**

As I was searching through **Trainor's** purse at approximately 09:15 PM I found a cylindrical metal pipe like item that was approximately 4 inches in length and it appeared to be burned at one end. I located this item in a small zippered pocket on the inside of the purse mixed in with makeup and sugar packets. Upon finding the item I set it on the desk and wrapped it in my latex gloves. Deputy Phillip Colyer was in the process of booking the female into our Global booking system.

At approximately 09:20 PM I exited the booking area with the item in my hand still wrapped in my gloves and went downstairs to our road division office and asked Corporal Justin Glastetter and Deputy Miranda Meyers to identify the item I had found. Deputy Miranda Meyers stated that it was drug paraphanalia most commonly used for smoking crack cocaine. She then pointed out that in the end of the pipe that was burnt had what appeared to be pieces of a Brillo pad in it. Corporal Glastetter then contacted Deputy Colyer in the booking area via phone and advised him to notify Captain Mulcahy of what I had found.

At approximately 09:26 PM I entered the jail booth area and spoke with Lieutenant Todd Stevens. When I advised him of what I had found he instructed me to place the item in an evidence bag, write up an incident report and strip search the female inmate to make sure there were no pieces of contraband on her person. After speaking with Lieutenant Stevens I returned to the road office and placed the item in a sealed evidence bag.

At approximately 09:40 PM I returned to the booking area where Deputy Colyer had placed her in a chair in front of the booking desk and stated to **Trainor**; "Miss Trainor, I believe you are aware of what I found in your purse." She responded "Yes ma'am I heard

At 09:42 PM I escorted **Trainor** to the medexam room in the booking area where I had her strip her clothing off and proceeded to search her person to make sure there was no contraband. I then had her take a shower located in the med exam room. At approximately 09:51 PM I placed **Trainor** back into holding cell 2 and returned to the jail booth area.

Inmate **Trainor** and her property were released at approximately 2208 to Officer Brady of Stoddard County which I advised what we had found and the actions we took.

## INMATE MAIL FORMAT CHANGE PROPOSAL

October 4, 2013

LT. T.C. Stevens  
Jail Division  
Cape Girardeau County Sheriffs Office  
216 N. Missouri  
Jackson MO. 63755

I am proposing a change in the way our facility allows inmates to receive mail. Numerous Sheriffs Offices around the country have been implementing a post card only mail policy. This policy only allows post cards to be mailed into a jail facility; with the exception of privileged mail (i.e., legal and religious mail).

The policy change I am requesting would only allow non-privileged correspondence with inmates be written on post cards no larger than 5" x 7". The mail format would not change for inmates sending mail out of the facility. Inmates will still be allowed to purchase paper, envelopes and pens from our Commissary (see copy of proposed policy)

Implementing such a policy has the advantages of:

- A higher level of safety and security of the jail facility
- Possibly less mail coming into the facility
- Less contraband introduced into the facility
- Less manpower spent opening and searching mail
- The Jail is also relieved of the liability of missing property that is mailed into the facility and cannot be given to the inmate.

A few disadvantages are associated with this policy such as:

- Complaints from the inmates and families
- Most postcards are thick and could be used for picking locks and making other forms of contraband.

One of the other possible disadvantages is with the ACLU threatening to bring lawsuits against some of the Facilities using this policy. At this time Doug Bonney, the legal director for the ACLU of Kansas and Western Missouri filed a lawsuit against Wyandotte County Kansas over the Policy. I spoke with Jeffrey Fewell, Jail Warden of the Wyandotte County Sheriffs Office about the ongoing suit. He stated that their policy is compliant with current federal case law and is approved by the National Sheriffs Association. Warden Fewell went on to say that these issues were already upheld in the US Supreme Court (Turner v. Safley). He ended saying that the suit only asks for the policy to be changed and to pay for legal expenses, but he believes they will win the case.

An article by the Salem Oregon Statesmen wrote that when the Phoenix Arizona Sheriffs Office first implemented the policy they were sued. However, a Federal District Court ruled in favor of the jails policy and found there was no infringement on communication.

Another Article by the Kansas City Star quoted Doug Bonney saying at least two counties each in Missouri and Kansas have dumped post-card only mail policies when faced with potential litigation. He also said that last year an Oregon federal judge blocked a Columbia County Jail from enforcing its 2-year-old postcard-only policy, saying it violated the prisoners' free-speech rights, according to the First Amendment Center at Vanderbilt University.

The Correction Law Reporter wrote that there have been five legal skirmishes so far in 2013. One found the rule unconstitutional, four others upheld the rule. The County policy that was found to be unconstitutional was the Columbia Oregon Sheriffs office. It turns out that the Federal Judge issued an injunction on the policy until the trial was completed. It is believed that the complete trial will uphold the post-card only policy on current case law.

Several Missouri Sheriffs Offices have already instituted this policy and have had no issue. Henry County Sheriffs Office has used the policy since 2009 and Jasper County Sheriffs Office has had it since 2010. This policy was also instituted by Maricopa County in Arizona in 2007 along with numerous other Offices around the Country.

## CAPE GIRARDEAU COUNTY JAIL INMATE RULES HANDBOOK

### EMERGENCY EVACUATION PLAN:

Our Fire detection plan is one of the best designed for a detention facility. However should the alarm sound, you should wait for direction from one of the control room officers. Officers may be in the process of evacuating a housing unit closer to the emergency than the one you are presently housed in, do not panic, remain calm and cooperate with all instructions.

1. In case of fire, smoke or other emergency, notify the control room officer immediately.
2. Only one person should speak, as more than one person speaking at the same time causes the sound to be distorted, making it difficult to understand the nature of the problem.
3. While waiting for the officer to evacuate from your housing area, get down on your hands and knees to remove yourself from smoke or other dangerous fumes that may be caused by the fire, smoke or other emergency.
4. When the officer opens the door, exit the housing unit single file so the officer can complete a count to ensure all residents are evacuated and no one is missing or still inside the housing unit.
5. The officer will escort you to another area where medical personnel will check you out as soon as practical.
6. Once you arrive at the evacuation area you will be asked to sit single file against a wall in order that a recount of names can be completed in order to ensure that all in danger have been evacuated.

Your cooperation with this procedure may save your life as well as others within this facility.
